_____ The insider account of the data revolution that has swept through the modern football world written by one of its key architects Ian Graham Between 2012 and 2023 Ian Graham worked as Liverpool FC's Director of Research His tenure coincided with the club's greatest period of success since the 1980s including winning the Premier League in 2020 Liverpool's first league title after an agonising three decades Here for the first time Graham reveals the

fascinating data that informed some of the club's most pivotal moments of the past decade from the appointment of Jurgen Klopp as manager in 2015 to the signing of Mohamed Salah in 2017. Along the way he shares groundbreaking insight into the modern game including how a season largely played behind closed doors transformed our understanding of home team advantage or why the GOAT greatest of all time might not be who you think. And in a game that is increasingly dominated by an elite few, Graham charts a path for the future where a data-savvy competitor will always find the edge.

_____ A fascinating, witty and remarkably insightful account of Liverpool's reinvention and a clear-eyed, detailed explanation of the inner workings of modern football. Nobody is better qualified to tell either of those stories than Ian Graham, who stands as one of the most quietly significant figures in the recent history of the club and the sport.
