Patent Office,1895 **Official Gazette of the United States Patent and Trademark Office** ,2004 Specifications and Drawings of Patents Issued from the United States Patent Office United States. Patent Office,1903 **Specifications and Drawings of Patents Issued from the U.S. Patent Office** United States. Patent Office,1873 **Feminist Geopolitics** Deborah P. Dixon,2016-04-15 What can unfold from an engagement of feminist issues concerns and practices with the geopolitical How does feminism allow for a reconfiguration of how these two elements the geo and the political are understood and related What kinds of objects can be located and put into motion What kinds of relations can be drawn between these What kinds of practice become valued And what is glossed or rendered absent in the process In this thought provoking and original contribution Deborah P Dixon cautions against the exhaustion of feminist geopolitics as a critique of both a classical and a critical geopolitics and points instead to how feminist imaginaries of Self Other and Earth allow for all manner of work to be undertaken Importantly one of the things they provide for is a reservoir of concerns thoughts and practices that can be reappropriated to flesh out what a feminist geopolitics can be While providing a much needed sustained interjection that draws out achievements to date the book thus gestures forward to productive lines of inquiry and method Grounded via a series of globally diverse case studies that traverse time as well as space Feminist Geopolitics feels for the borders of geopolitical thought and practice by navigating four complex and corporeally aware objects of analysis namely flesh bone touch and abhorrence **Feminist AI** Jude Browne,Stephen Cave,Eleanor Drage,Kerry McInerney,2023-10-22 Feminist AI Critical Perspectives on Algorithms Data and Intelligent Machines is the first volume to bring together leading feminist thinkers from across the disciplines to explore the impact of artificial intelligence AI and related data driven technologies on human society Recent years have seen both an explosion in AI systems and a corresponding rise in important critical analyses of these technologies Central to these analyses has been feminist scholarship which calls upon the AI sector to be accountable for designing and deploying AI in ways that further rather than undermine the pursuit of social justice This book aims to be a touchstone text for AI researchers concerned with the social impact of their systems as well as theorists students and educators in the field of gender and technology It demonstrates the importance of an intersectional understanding of the risks and benefits of AI approaching feminism as a political project that aims to challenge various interlocking forms of injustice social inequality and structural relations of power Feminist AI showcases the vital contributions of feminist scholarship to thinking about AI data and intelligent machines as well as laying the groundwork for future feminist scholarship on AI It brings together scholars from a variety of disciplinary backgrounds from computer science software engineering and medical sciences to political theory anthropology

and literature It provides an entry point for scholars of AI science and technology into the diversity of feminist approaches to AI and creates a rich dialogue between scholars and practitioners of AI to examine the powerful congruences and generative tensions between different feminist approaches to new and emerging technologies It features original and essential works specially selected to span multiple generations of practitioners and scholars These contributors are also attuned to conversations at industry level around the risks and possibilities that frame the drive to adopt AI This collection reflects the increasingly blurred divide between the academy industry and corporate research groups and brings interdisciplinary feminist insights together with postcolonial studies disability theory and critical race studies to confront ageism racism sexism ableism and class based oppressions in AI This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations

Box Office, 1961 **Imperiled Whiteness** Penelope Ingram, 2023-06-23 In *Imperiled Whiteness* Penelope Ingram examines the role played by media in the resurgence of white nationalism and neo Nazi movements in the Obama to Trump era As politicians on the right stoked anxieties about whites losing ground and being left behind media platforms turned whiteness into a commodity that was packaged and disseminated to a white populace Reading popular film and television franchises Planet of the Apes Star Trek and The Walking Dead through political flashpoints such as debates over immigration reform gun control and Black Lives Matter protests Ingram reveals how media cultivated feelings of white vulnerability and loss among white consumers By exploring the convergence of entertainment news and social media in a digital networked environment Ingram demonstrates how media's renewed attention to imperiled whiteness enabled and sanctioned the return of overt white supremacy exhibited by alt right groups in the Unite the Right rally in Charlottesville in 2017 and the Capitol riots in 2021
