The Almightyer Paul Vigna,2025-07-22 The complete story of how we came to worship money and how we can stop greed from destroying everything The pursuit of wealth is considered an essential function of human nature and greed is an unspoken civic virtue Many of us revere billionaires and Wall Street rain makers then complain about the system being rigged and wonder why the country doesn't seem to work for the little guy anymore Some blame the Deep State for income inequality and corruption and others blame capitalism but the truth is that these issues have much deeper roots our devotion to money is a manmade invention that has transformed over thousands of years to replace religion as the foundation of our society and it is tearing civilization apart In The Almightyer journalist Paul Vigna uncovers the forgotten history of money tracing the uneasy and often accidental alliance between wealth and religion as it developed from ancient city states to today's secular world where religious devotion has receded and greed has stepped in to fill the void Through engaging anecdotes original research and fresh perspectives on the causes of the many challenges we face today Vigna makes a compelling argument that money has no power apart from the power we give it We can build a better future where we don't need to choose between helping others and getting ahead But we can't repair the damage that greed has done until we understand how it took over our world in the first place

Living Your Best Life After 50 All-in-One For Dummies The Experts at AARP,The Experts at Dummies,2024-02-16 Get inspired and prepared for your best life at 50 Living Your Best Life after 50 All in One For Dummies is your guide as you explore new opportunities and make the most of your fifties and the decades that follow Find a new job travel for weeks or months at a time boost your health with yoga routines take up pickleball whatever it is you want to do this book will inspire you to improve your life and show you how to get there You'll also find timely information about planning and budgeting for retirement withdrawing money from IRAs and 401 k's and taking Social Security With this fun and information packed Dummies resource you can look forward to your future with enthusiasm and purpose Change jobs move up in your career or get ready for retirement Get tips for travel living like a nomad cooking after the kids leave home downsizing and other handy topics for this time of your life Stay in tip top shape with fun activities like yoga and pickleball Get your finances in order and make sure you can live the life you want on Social Security and retirement income This book is a great choice for readers looking to make the second half of life the

best half Bots Nick Monaco, Samuel Woolley, 2022-05-10 Bots automated software applications programmed to perform tasks online have become a feature of our everyday lives from helping us navigate online systems to assisting us with online shopping Yet despite enabling internet users bots are increasingly associated with disinformation and concerning political intervention In this ground breaking book Monaco and Woolley offer the first comprehensive overview of the history of bots tracing their varied applications throughout the past sixty years and bringing to light the astounding influence these computer programs have had on how humans understand reality communicate with each other and wield power Drawing upon the authors decade of experience in the field this book examines the role bots play in politics social life business and artificial intelligence Despite bots being a fundamental part of the web since the early 1990s the authors reveal how the socially oriented ones continue to play an integral role in online communication globally especially as our daily lives become increasingly automated This timely book is essential reading for students and scholars in Media and Communication Studies Sociology Politics and Computer Science as well as general readers with an interest in technology and public affairs
