we began our diet Neris and I weighted 434 pounds between us Our goal was to lose 140 pounds between us in under a year to go from a size 22 to a size 14 And we did it If two unusually greedy cocktail loving moms can lose this amount of weight without much effort so can anyone This book tells you how two friends did it and how you can do it too It s not a diet devised by some bossy string bean who has never been more than 7 pounds overweight nor by a fat middle aged doctor but a real long term workable diet for real people A modified and therefore bearable low carb high protein way of eating the diet really works and includes meal plans recipes advice on clothes make up and hair at every stage from fat to thin It doesn t include impossible exercise routines or disgusting things to eat Above all it gets to the bottom of why we overeat and shows you how to stop There s never been a diet book like it for women by women with jokes and useful tips and advice that is truly simple to follow What other diet book tells you to pour yourself a large drink at the end of the day because you ve earned it You ll laugh out loud Reading this book is like talking to a clued up friend who also makes you feel great about yourself amazingly frank the honesty of their confessions exceed anything previously published The Evening Standard **Franchise**

first but you can do it Even if you only change one small habit a week by adding something that s good for you and eliminating something that s bad for you Even if it takes you twelve months to get yourself into a healthy life long eating plan at least in 12 months you will be there Remember the one thing that we have no control over is time It is the one variable that can never be controlled 12 months from reading this article is going to be 12 months from reading this article no matter which way you look at it You cannot change that However what you are doing and where you will be when that 12 month mark arrives is the variable that can be controlled What you do within that 12 months is controlled entirely by you You can either be in the same situation or you can slowly chip away at what can appear to be an impossible task so that by the time the inevitable arrives you are in a completely different situation The choice is yours and its time to take control Regardless of your current situation when it comes to healthy eating it s never too early and it s never too late *Orange Coast Magazine*
