Palestinian Parties And Politics That Shaped The Old Testament:

Palestinian Parties and Politics that Shaped the Old Testament Morton Smith,1971 **The Old Testament and Process Theology** Robert Karl Gnuse,2016-03-08 Using the insights of process theology Gnuse explores the Old Testament beginning with the categories of classic Old Testament theology revelation suffering creation covenant justice law and salvation **The Religion of the Landless** Daniel L. Smith-Christopher,2015-01-14 Through brilliant new interpretations of biblical exiles Daniel Smith Christopher shows their experience as the most apt model for the Church as witnesses for the peace and justice of God in a strange land **Ve-Eileh Divrei David** S. David Sperling,2017-03-06 Ve Eileh Divrei David Essays in Semitics Hebrew Bible and History of Biblical Scholarship covers the career of S David Sperling a well known and respected Biblical scholar It is divided into three sections representing the three foci of the author s work namely Semitic philology Bible and the history of biblical scholarship The chapters represent a remarkable 40 years of scholarship and convey deep knowledge of a range of topics that is rarely paralleled in today s scholarship These 22 previously published essays reflect a lifetime s contribution to the field of Semitic linguistics and philology The treatments are rich in depth and reflect serious engagement with the issues under discussion Sandra Jacobs Journal for the Study of the Old Testament 43 5 2019 **The Development of the High Priesthood during the pre-Hasmonean Period** Maria Brutti,2021-11-29 This book deals with the Jewish High Priesthood between 301 152 BCE The research was carried out as part of a doctoral thesis at the Pontifical Gregorian University It is of a historical biblical theological nature Historical in as much as it refers to a chronological period and to the historiographic sources biblical and theological because it questions a Biblical institution its meaning and its religious function The history of the High Priesthood is analysed on the basis of conflicting documents starting from the question of power and the autonomy of the high priests under the rule of the Ptolemies and the Seleucids However the historical reconstruction is strongly determined by the political ideology and theological vision of the available sources on this subject **The Samaritans and Early Judaism** Ingrid Hjelm,2000-01-01 Hjelm examines the various ancient sources mentioning Samaritans dating from the Persian period to well into the Roman period and emanating from Jewish Christian Hellenistic and Samaritan circles She addresses those issues that can be related to a possible Samaritan Judaeon conflict and special attention is given to questions about temple high priests Levites and prophets as well as Shechem and Heliopolis In this radical new investigation Hjelm points out anachronisms in both the ancient writers and our reading of them and proposes a new understanding of the formation of both Samaritanism and Judaism *History and Ideology in the Old Testament Prophetic Literature* Antti Laato,1996 In this study arguments are put forward for the thesis that biblical exegesis of the Old Testament prophetic literature is not a simple matter of interpreting texts but is also a process in which logical models or possible worlds are constructed to accommodate the validity of particular interpretations The lack of a model theoretical orientation to Old Testament methodological approaches has led to a situation in which the

criticism of particular theories rarely addresses the real points of disagreement between scholars One theory is simply set against another even though the theories would be more effectively evaluated by discussing the validity and relevance of the different models in which they are framed There are various plausible and relevant models available for the interpretation of Old Testament texts In order to compare these different models a metalogical system Charles Sanders Peirce's semiotics has been used throughout this study Many important methodological issues are discussed in this study a *From the Damascus Covenant to the Covenant of the Community* Stephen Hultgren, 2007 This volume offers new insight into the origins of the new covenant in the land of Damascus and the Qumran community and explores topics related to their covenantal theology
