Rethinking untouchability Jesús F. Cháirez-Garza,2024-03-12 This book examines the transformation of untouchability into a political idea in India during the first half of the twentieth century At its heart is Ambedkar s role and the concepts he used to champion untouchability as a political problem Ambedkar s main objective was to comprehend the numerous avatars of untouchability in order to eradicate this practice Ambedkar understood untouchability beyond aspects of ritual purity and pollution by stressing its complex nature and uncovering the political historical racial spatial and emotional characteristics contained in this concept Ambedkar believed the abolition of untouchability depended on a widespread alteration of India s political economic and cultural systems Ambedkar reframed the problem of untouchability by linking it to larger concepts floating in the political environment of late colonial India such as representation slavery race the Indian village internationalism and even the creation of Pakistan
