FCC Record United States. Federal Communications Commission,2017 **Rich Thanks to Racism** Jim

Freeman,2021-04-15 More than fifty years after the civil rights movement there are still glaring racial inequities all across the United States In **Rich Thanks to Racism** Jim Freeman one of the country s leading civil rights lawyers explains why as he reveals the hidden strategy behind systemic racism He details how the driving force behind the public policies that continue to devastate communities of color across the United States is a small group of ultra wealthy individuals who profit mightily from racial inequality In this groundbreaking examination of strategic racism Freeman carefully dissects the cruel and deeply harmful policies within the education criminal justice and immigration systems to discover their origins and why they persist He uncovers billions of dollars in aligned investments by Bill Gates Charles Koch Mark Zuckerberg and a handful of other billionaires that are dismantling public school systems across the United States He exposes how the greed of prominent US corporations and Wall Street banks was instrumental in creating the world s largest prison population and our most extreme anti immigrant policies Freeman also demonstrates how these racism profiteers prevent flagrant injustices from being addressed by pitting white communities against communities of color obscuring the fact that the struggles faced by white people are deeply connected with those faced by people of color **Rich Thanks to Racism** is an invaluable road map for all those who recognize that the key to unlocking the United States full potential is for more people of all races and ethnicities to prioritize racial justice **Climate Change and Sea Level Rise in South Florida** Risa Palm,Toby Bolsen,2020-01-01

Oh, Florida! Craig Pittman, 2016-07-05 A New York Times Bestseller Oh Florida That name That combination of sounds Three simple syllables and yet packing so many mixed messages To some people it s a paradise To others it s a punch line As Oh Florida shows it s both of these and more important it s a Petri dish producing trends that end up influencing the rest of the country Without Florida there would be no

NASCAR no Bettie Page pinups no Glenn Beck radio rants no USA Today no Stand Your Ground you get the idea To outsiders Florida seems baffling It s a state where the voters went for Barack Obama twice yet elected a Tea Party candidate as governor Florida is touted as a carefree paradise yet it s also known for its perils alligators sinkholes pythons hurricanes and sharks to name a few It attracts 90 million visitors a year some drawn by its impressive natural beauty others bewitched by its manmade fantasies Oh Florida explores those contradictions and shows how they fit together to make this the most interesting state It is the first book to explore the reasons why Florida is so wild and weird and why that s okay Florida couldn t be Florida without that sense of the unpredictable unexpected and unusual lurking behind every palm tree But there is far more to Florida than its sideshow freakiness Oh Florida explains how Florida secretly subtly influences all the other states in the Union both for good and for ill
