Flexible Ridesharing Volker Handke, Helga Jonuschat, 2012-12-14 Individual mobility is one of the most important needs of modern society and an important link between private public and economic life In contrast transport also entails severe environmental and social burdens foiling current efforts for sustainable development As the main source of CO2 emissions transport is a prominent driver for climate change and individual car traffic is responsible for nearly a third of the total energy consumption However we have to consider that many commuters feel indeed very dependent on their car Here ridesharing promises to contribute to environmental protection while still offering individual mobility Although ridesharing options have been discussed since many years internet and smartphones provide completeley new opportunities to find ridesharing partners today Thus this book deals with current efforts on implementing flexible internet and phone based ridesharing services With a main focus on the users perspective their demands and acceptance limits we aim to explore success factors for non profit but also commercial ridesharing concepts *Wireless World and Radio Review* ,1926 *The Wireless World and Radio Review* ,1925 **50 Design Ideas You Really Need to Know** John Jervis, 2024-10-10 Master the design ideas that shape the world we live in today In a series of 50 accessible essays John Jervis introduces and explains the central movements inventions and creative geniuses of design tracing its evolution from the 19th century to the present day From arts and crafts and typography to key movements such as art deco and Bauhaus 50 Design Ideas You Really Need to Know is complete introduction to the most important design concepts in history The Insanely Simple Guide to the Samsung Galaxy Z Fold 4 and Flip 4 Scott La Counte, 2022-08-26 Fold Back the Power of the Foldable Phone If you are old enough you probably remember your first flip phone There wasn t a lot to it but you could text take pixelated photos and sometimes even search the Internet But then smartphones came along and things got a little bulkier For most of us we were fine with the tradeoff sure they didn t fold into two so we could slip them into our pocket but they took stunning photos

played impressive games and had blazing speed But as they say history tends to repeat Here we are years after flip phones pretty much disappeared and we have foldable phones But these aren't your grandma's flip phones They're everything you can expect in a smartphone but compact If you are new to the foldable phone market there's a little bit of a learning curve and that's where this book will help It will cover What makes Fold4 and Flip4 different from iOS Android and other smartphones Taking advantage of folding screens Using the Z Pen Setting up your phone Making calls Turning your phone into a Desktop experience with Samsung DeX Installing apps Using the camera Surfing the Internet Using Samsung SmartTag Changing system settings And much more If you are ready to get into the fold and unlock its potential then let's get started NOTE This guide is not endorsed by Samsung and should be considered unofficial
