The De Gruyter Handbook of Automated Futures Vaike Fors, Martin Berg, Meike Brodersen, 2024-09-23 How does automation affect us our environment and our imaginations What actions should we take in response to automation Beyond grand narratives and technology driven visions of the future what more can automation offer With these questions in mind The De Gruyter Handbook of Automated Futures provides a framework for thinking about and implementing automation differently It consolidates automated futures as an inter and transdisciplinary research field embedding the imaginaries interactions and impacts of automation technology within their social historical societal cultural and political contexts Promoting a critical yet constructive and engaging agenda the handbook invites readers to collaborate with rather than resist automation agendas It does so by pushing the agenda for social science humanities and design beyond merely assessing and evaluating existing technologies Instead the handbook demonstrates how the humanities and social sciences are essential to the design and governance of sustainable sociotechnical systems Methodologically the handbook is underpinned by a pedagogical approach to staging co learning and co creation of automated futures with rather than simply for people In this way the handbook encourages readers to explore new and alternative modes of research fostering a deeper engagement with the evolving landscape of automation

Social Media in Musical Theatre Trevor Boffone, 2023-11-16 This book introduces readers to the widespread phenomenon of how social media platforms such as YouTube Twitter and TikTok become an extension of long standing aspects of musical theatre engagement Although casual observers may dismiss social media's import social media has revolutionized the field of musical theatre since the early days of Web 2.0 with spaces such as AOL LiveJournal and Myspace Now as social media continues to grow in relevance the nuanced ways in which digital platforms influence musical culture remain ripe for study Social Media in Musical Theatre moves beyond viewing social media merely as a passing fad or a space free from critical engagement Rather this volume takes a serious look at the critical role social media play in musicals thus challenging how social media users and musical theatre makers alike approach digital spaces This book introduces the relationship between musical theatre and social media in the 21st century as well as

methods to study social media's influence on musicals through three in depth case studies organized around marketing on YouTube fan engagement on Twitter and new musical development on TikTok

Political Marketing in the 2024 U.S. Presidential Election Jamie Gillies, 2025-09-30 This book focuses on the spectacle of the 2024 U S presidential election from the return of Donald Trump and the decision by Joe Biden to drop out of the presidential race and endorse Kamala Harris as the Democratic presidential nominee to the campaign sprint culminating in Trump's win in November A follow up to Political Marketing in the 2020 U S Presidential Election it uniquely focuses on political marketing and branding strategies with particular attention to how changes since the last election especially new technologies and media platforms have emerged as branding and marketing outlets for both campaigns This election was again as much about a continuous strategy of targeting and maintaining voter enthusiasm as it was about swaying undecided voters as both campaigns tried to engage different parts of the electorate Every American presidential election tends to herald in new political branding and marketing strategies This book presents diverse scholarly research and perspectives with practitioner relevant content that will advance current understandings of political marketing and branding theories
