Hulu Today:

Media Management Bernd W. Wirtz, 2020-09-11 Digitalization significantly changes the media To cope with this change and to exploit new market opportunities is a major challenge for media corporations Bernd Wirtz provides a valuable guideline for this new world combining theory facts and practice Dr Hubert Burda German publisher and Managing Corporate Partner of Hubert Burda Media Holding KG The media business is subject to substantial change while differences between distinctive media areas are fading away This is due to technical innovation in areas like transmittance of content bearer of content and recording devices but also due to new formats trends and constant change of consumer behavior The textbook Media and Internet Management stays abreast of changes and covers this topic on a well founded and comprehensive basis It makes a valuable contribution to theory and practice in media management and is highly recommendable to media managers Christoph Mohn Chairman of the Supervisory Board Bertelsmann AG The world of media is full of challenges and dynamic conditions for its field The dynamic of this market is accelerated even more by new digital technologies and ongoing globalization This book is an absolute must have for everyone who wants to know more about the basics conditions and requirements of modern media management The analytical clearness and structure make this publication highly relevant for students but also for managers Urs Rohner Chairman of the Board of Directors Credit Suisse Group AG Media Management is a textbook but a very welcome newcomer for students and teachers as it fills a market gap for good educational material in this rapidly evolving field It is concise simple but not simplistic and contains a contemporary overview of concepts and tools for media managers Prof Dr Bozena I Mierzejewska Editor of The International Journal on Media Management Fordham University New York Summed up with his second edition Wirtz managed to strengthen the outstanding position of his publication Media Management His textbook shines because of its content analytical clearness and the high relevance for business practice without losing its academic background With the second edition this book has established its position in the field of media business as the leading standard reference book in Germany It is suitable for business students lectures as well as managers who can gain magnificent information from it Prof Dr Wolfgang Fritz Director of the Institute of Marketing Braunschweig University of Technology Germany Honorary Professor at the Institute of Business Administration University of Vienna Austria *Television Show Trends, 2016-2020* Yvonne D. Leach, Nicholas J. Natalicchio, 2023-11-20 What do Euphoria Normal People Atlanta Ramy Vida I May Destroy You Stranger Things and Lovecraft Country have in common In the 2016 2020 time period they were created these TV shows exemplified one or more of four noteworthy trends authenticity diversity sexual candor and retrospection This is the first book to examine live action fictional television shows produced within a five year period through the lens of the trends that they epitomize For each show the following is discussed the significance of the platform and the format the intentions of the creators and showrunners pertinent background information similar shows and precedents the storytelling approach the cinematic form and finally how

the show is emblematic of that particular trend Since trends have the possibility of becoming part of the mainstream they are important to identify as they emerge especially for viewers who have a keen interest in narrative television shows

From Networks to Netflix Derek Johnson,2022-07-26 Now in a second edition this textbook surveys the channels platforms and programming through which television distribution operates with a diverse selection of contributors providing thorough explorations of global media industries in flux Even as legacy media industries experience significant disruption in the face of streaming and online delivery the power of the television channel persists Far from disappearing television channels have multiplied and adapted to meet the needs of old and new industry players alike Television viewers now navigate complex choices among broadcast cable and streaming services across a host of different devices From Networks to Netflix guides students instructors and scholars through that complex and transformed channel landscape to reveal how these industry changes unfold and why they matter This second edition features new players like Disney HBO Max Crunchyroll Hotstar and more increasing attention to TV services across the world An ideal resource for students and scholars of media criticism media theory and media industries this book continues to offer a concrete tangible way to grasp the foundations of television and television studies even as they continue to be rewritten
