Irene Park loves romance novels so much so she's made a career of them as an online book reviewer with a massive following. But Irene's real-life dating story is non-existent. So when she starts her freshman year of college, she sets her sights on finding true love using the one thing she really understands: romance book tropes. If only it were that easy. Enter Aiden Jeon, Irene's online book review rival and biggest nemesis. When Aiden challenges her to see who can find love by trope first, he becomes the one person standing in her way to getting everything she wants, both professionally and personally too. So when the competition takes an unexpected turn, forcing the two of them to have to partner in the ultimate trope: fake dating, Irene is not prepared for everything she believed about romance, and Aiden to flip on his head. As Irene tackles the challenges of college life, struggles to figure out what she really wants for herself, all while trying to win the race for love, Irene realizes the answers may not be found in a romance novel. Happily Ever Afters seem so easy on page. But for Irene to find her ultimate HEA, she'll have to get her nose out of the book and become the main character of her own story. Perfect for fans of *Enemies to Lovers*, *Fake Dating*, *College Rom Coms*, *Banter for Days*, *A Pop Culture References*, *Books about loving books*. [San Francisco Bizarro](#) Jack
