People, Planet, Design Corey Squire, 2023-11-14 If you were asked to close your eyes and envision where you are happiest would you picture somewhere inside a building North Americans are inside buildings for more than 90% of the day Meanwhile the indoors are stifling us sometimes even killing us Buildings and the materials that make them up expose us to materials linked to negative health impacts The construction and operation of buildings is responsible for 40% of climate changing carbon emissions In the US the design choices made by the typical architecture firm employee each year can reduce emissions by about 300 times that of an average American But the promise of sustainable architecture will not be realized if sustainability remains a secondary consideration for architects What if great design were defined by its ability to cool the planet heal communities enhance ecological functioning and advance justice In People Planet Design architect Corey Squire builds the case provides the data and lays out the practical tools for a transformative human centered architecture This approach integrates beauty

and delight with an awareness of how every design choice impacts the community the planet and the people who will use the building Outcome focused with a deep dive into practical design strategies the book showcases ten building systems that embody design excellence Squire centers the idea that by focusing on the desired outcomes that buildings shelter us from the elements without disconnecting us from the world that buildings provide the quality of air light and views we now know to be essential to health productivity and joy we can move beyond the checklist mentality that has captured much of the design community Essential reading for architects who want to transform what the profession means People Planet Design pioneers a new vision and sets readers up with clear guidance on implementing it Only when design prioritizes people as it should can architecture realize its full potential **Kliatt Young Adult Paperback Book Guide** ,1992 Manifesting Kris

Ferraro,2025-08-22 Are you frustrated by the fact that your life doesn't look the way you imagined Whether it's too little money a struggling relationship or a dead end job it can seem as if nothing works out the way you hoped it would Manifesting The Practical Simple Guide to Creating the Life You Want is the solution Too often we walk through life in a state of lack choosing to focus our attention on our deficiencies and allowing our minds bodies and spirits to swirl with discontent and negativity But when our focus and attention is sunk in darkness that becomes all we experience in our lives Manifesting offers a transformative new approach By focusing on what you wish to have or achieve instead of despairing over what you are missing you will find that you can manifest those very things in your life Author Kris Ferraro is a practitioner and teacher in the areas of healing growth and metaphysics who has used manifesting in her own life and practice for years In Manifesting she guides readers to envision and create the lives they've always dreamed of with real actionable steps exercises and wisdom **Perspectives** ,1999 *Punch* Henry Mayhew,Mark Lemon,Tom Taylor,Shirley Brooks,Francis Cowley Burnand,Owen Seaman,1916 Backpacker ,1997-03 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured
