Trampled by Unicorns Maelle Gavet, 2020-08-26 A Wall Street Journal Bestseller An insider s revealing and in depth examination of Big Tech s failure to keep its foundational promises and the steps the industry can take to course correct in order to make a positive impact on the world Trampled by Unicorns Big Tech s Empathy Problem and How to Fix It explores how technology has progressed humanity s most noble pursuits while also grappling with the origins of the industry s destructive empathy deficit and the practical measures Big Tech can take to self regulate and make it right again Author Ma lle Gavet examines the tendency for many of Big Tech s stars to stray from their user first ideals and make products that actually profoundly damage their customers and ultimately society Offering an account of the world of tech startups in the United States and Europe from Amazon Google and Facebook to Twitter Airbnb and Uber to name a few Trampled by Unicorns argues that the causes and consequences of Big Tech s failures originate from

four main sources the Valley's cultural insularity the hyper growth business model the sector's stunning lack of diversity and a dangerous self sustaining ecosystem However the book is not just an account of how an industry came off the rails but also a passionate call to action on how to get it back on track Gavet a leading technology executive and former CEO of Ozon an executive vice president at Priceline Group and chief operating officer of Compass formulates a clear call to action for industry leaders board members employees and consumers users to drive the change necessary to create better more sustainable businesses and the steps Western governments are likely to take should tech leaders fail to do so Steps that include reformed tax codes reclassification of platforms as information companies new labor laws and algorithmic transparency and oversight Trampled by Unicorns exploration of the promise and dangers of technology is perfect for anyone with an interest in entrepreneurship tech and global commerce and a hope of technology's all empowering prospect An illuminating book full of insights Trampled by Unicorns describes a realistic path forward even as it uncovers and explains the errors of the past As Gavet puts it we don't need less tech we need more empathetic tech And how that crucial distinction can be achieved by the tech companies themselves driving change as governments actively pave the road ahead

The Musical Times, 1924

The Proximity Paradox Kiirsten May, Alex Varricchio, 2020-03-24 You're too close to your business and it's killing your creativity Traditional business structures love stability and predictability Yet many organizations believe the two essential ingredients for long term success are creativity and innovation Kiirsten May and Alex Varricchio founders of the marketing agency UpHouse call the relationship between these two opposing expectations the Proximity Paradox the belief that those who are closest to a subject are best qualified to innovate for it when in reality intense proximity limits creativity Instead people need to create distance from challenges in order to see the best way forward May and Varricchio believe that until we can separate innovation and execution within ourselves we will only innovate to the level at which we can execute the idea To be effective we need to create distance between our innovation brain and our execution brain Unpacking ten common Proximity Paradoxes that affect a company's people processes and industry the authors share some practical ideas to create the distance necessary for your next great idea An especially valuable book for creatives and non creatives in creative industries but equally applicable to all businesses that depend on innovation The Proximity Paradox encourages us to ask hard questions about how we work how our businesses are structured and why we routinely find our creativity at odds with what's asked of us as executors and stewards of the bottom line
