thinking to myself Do I want to do this for another 40 50 years Is this what my life is going to be about constantly working until I m old and grey for a salary that barely lasts a month It was not until I discovered this thing of having multiple streams of passive income that everything changed To be honest at first I thought it was just another money making scam I thought why would anyone share information on how to create wealth and get rich Even though I did not really believe any of it I still decided to give it a shot and trust me when I say this IT WAS WORTH IT At that time there was no one in the world that could possibly convince me that you could earn money for months and even for years while relaxing on a beach somewhere I m aware of the fact that money does not make you happy however money gives you freedom It gives you the freedom to do anything you desire It gives you the freedom to spend your time on what is important to you It gives you the freedom to be with your loved ones Yes money alone does not make you happy but all the things you are able to do when being financially free that is going to make you happy Note This book on passive income is no get rich quick scheme No matter what field of work you are in creating wealth takes time and effort This book however guides you through proven strategies that are guaranteed to work

Pricing Credit Products Robert L. Phillips,2018-07-10 In the wake of the 2008 financial crisis it became apparent that pricing loans in a way that is profitable for lenders and sensitive to risk is anything but simple Increasingly lenders are following the lead of other retailers by segmenting their market and more precisely targeting customers To do this successfully lenders must engage analytic approaches such as machine learning and optimization in setting prices for each segment Robert L Phillips worked with major banks and financial services companies for more than a decade to help them improve their pricing capabilities This book draws on his experience as well as the latest academic research to demonstrate how lenders can apply the proven techniques of price optimization to responsibly improve the profitability of their loans It is a go to resource for academics and professionals alike particularly lenders who are looking for ways to do better business in an increasingly competitive and regulated market
