Comparing and Evaluating the Scriptures Paul F. Fink,2008-02 No one is likely to dispute that religions profoundly affect our lives in innumerable ways Disagreements emerge however when we attempt to evaluate those effects and when we attempt to determine religion s proper place in our lives in our society and in our troubled world As we all know responsible judgments in regard to these complicated matters though fundamentally important are difficult to formulate and defend In fact even purely personal decisions about religion are not always easy So during normal times many of us choose to live our lives without ever seriously considering some of religion s more complex issues This limited outlook however is beginning to seem less appropriate given today s world some aspects of religion s role in current events truly are disturbing How should we respond to this situation Wouldn t it be worthwhile for everyone to think through our religious traditions one more time from the beginning Isn t it possible to resolve **Daughters of Eve** Grace Makau,2020-02-29 Understanding gender neutral deficit may be misconstrued the context is ideal for this day and age This book is timely precise and speaks to the generations of women living in today s world Since the beginning Eve and her descendants thereof have been the blame for all ills befalling mankind She s either too much this or too much of that The author seeks to explore the ills for generations to come identifying with caution to attempt to bring balance healing to what s broken For generations daughters of mankind were not recognized as part of a system created by their counterparts therefore abided by structures put together by their others Thanks to the deceitfulness of the male disposition that instituted this conflict of the sexes perfectionisms competitions evaluation and or appraisals criticisms and judgments are all fundamental and have been a part of this jumble this book is about for generations Cultures that were cultivated or instituted appealed to the man his rights his powers and his dominance in society but women weren t allowed or afforded the same privileges and were forced to be subject to powers I heard a preacher say one time that conception is a pleasurable sweet process for men yet excruciating for women paraphrased Thompson Men in many cultures get glory in childbearing leaving out and clouding the drudgery involving these growing pains and labor of love women get exposed to To this day women are still fighting for recognition having been in the dark for centuries female genital mutilations still take place in some remote cultures childhood marriages honored in some religions economic empowerment in western mores still a hot debate with men earning more than women and a Patriarchal system of government still in place inspired the title Daughters of Eve in reflection to the structure in place to recognize the labor intensive processes mothers go through in reproduction giving the hand that rocks the cradle the honor they deserve

Dacia Ion Grumeza,2009-05-16 This book tells the little known story of Dacia the powerful and rich land that became
