Nothing But Net: 10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts Mark Mahaney, 2021-11-09 Find the winners avoid the losers and build a solid Tech portfolio for the long run with proven methods from legendary analyst Mark Mahaney The Tech industry is the stock market's hottest most profitable sector but it can be a roller coaster ride Companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years Sure things can become sore things very rapidly Nothing But Net provides the knowledge and insights you need to understand what's really hot to know what's not and to outperform other investors consistently and decisively Famous for his smart savvy and unique approach to Tech stock investing Mark Mahaney provides his 10 proven rules for succeeding as a long term Tech stock investor explaining everything he's learned during almost 25 years of analyzing internet stocks including Why revenue growth and customer metrics not earnings are what matter most to Tech investors How to invest not trade in the great growth opportunities that lie ahead How to determine when high valuations are a warning sign and when they signal an opportunity I've watched the rise of some of the leading companies of today Facebook Amazon Netflix Google and the fall of some of the leading companies of yesterday Yahoo eBay and AOL Mahaney writes Figuring out which companies really are going to be dominant franchises is an extremely hard thing to do But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation Nothing But Net provides powerful advice for the next two decades lessons you can start applying today and use for years to come

Someday Jennifer Risto Pakarinen, 2019-08-06 What if the only way forward is to go back Peter is stuck The promise of his youth has petered out into a comfortable but lonely adulthood his career is flat his friendships exist only on Facebook and his romantic life is well past its expiry date But one night spurred on by a viewing of Back to the Future

after one too many drinks he has an idea that he will just go back Back to the moment when his path stretched out ahead of him when happiness was an everyday feeling and not something to be chased Back to when his worst problem was which pair of acid washed jeans to wear to when the perfect girl sat next to him in English class Back to 1986 Fired up by his new mission Peter packs up his life turns off his cellphone and moves back into his teenage bedroom He lets his hair grow long stuffs himself into those same acid washed jeans and resolutely ignores everything about the world that didn't exist in the mid eighties Throwing himself into the project of restoring his small town's old movie theatre he hides his true objective from everyone to get a second chance with the first and only true love of his life that perfect girl beside him in English class Jennifer But time travel is never without its complications especially when everyone else around you remains in the present When even his perfect 1986 starts to show its cracks Peter is finally forced to answer the question can you ever truly go back
