Schwarz, 2014-10-27 Schwarz's study is chock full of judicious evaluation of characters narrative devices ethical commentary and helpful information about historical and political contexts including the role of Napoleon the rise of capitalism trains class divisions transformation of rural life and the struggle to define human values in a period characterized by debates between and among rationalism spiritualism and determinism One experiences the pleasure of watching a master critic as he re reads savors and passes on his hard won wisdom about how we as humans read and why Daniel Morris Professor of English Purdue University Written by one of literature's most esteemed scholars and critics *Reading the European Novel to 1900* is an engaging and in depth examination of major works of the European novel from Cervantes Don Quixote to Zola's *Germinal* In Daniel R Schwarz's inimitable style which balances formal and historical criticism in precise readable prose this book offers close readings of individual texts with attention to each one's cultural and canonical context Major texts that he discusses Cervantes Don Quixote Stendhal's *The Red and the Black* and *The Charterhouse of Parma* Balzac's *Père Goriot* Flaubert's *Madame Bovary* and *Sentimental Education* Dostoevsky's *Notes from Underground* *Crime and Punishment* and *The Brothers Karamazov* Tolstoy's *War and Peace* and *Anna Karenina* and Zola's *Germinal* Schwarz examines the history and evolution of the novel during this period and defines each author's aesthetic cultural political and historical significance Incorporating important pedagogical suggestions and the latest research this text provides accessible and lucid discussion of the European novel to 1900 for students teachers and general readers interested in the evolution of the novelistic form *Urban Confrontations in Literature and Social Science, 1848-2001* Edward J. Ahearn, 2016-02-11 In an innovative contribution to the challenging of disciplinary boundaries Edward J Ahearn juxtaposes works of literature with the writings of social scientists to discover how together they illuminate city life in ways that neither can accomplish separately Ahearn's argument spans from the second half of the nineteenth century in Western Europe to the present day United States and encompasses a wide range of literary genres and sociological schools For example Charles Baudelaire's essays on the city are viewed alongside the work of Emile Durkheim and Georg Simmel Bertolt Brecht's *Jungle of Cities* heightens the arguments of Louis Wirth and Robert Park Richard Wright's *Native Son* and Saul Bellow's *The Adventures of Augie March* are re visioned in tandem with works by William Julius Wilson and others Herman Melville's *Bartleby the Scrivener* poses a challenge to James Q Wilson's *Bureaucracy* Toni Morrison's historical novel *Jazz* is buttressed by the career of Robert Moses and the revisionist work of historians Hilary Ballon and Kenneth T Jackson and Don DeLillo's *Cosmopolis* comes into brilliant focus in the light of arguments on world cybercities by David Harvey Saskia Sassen and Manuel Castells Resisting the temptation to ignore contradictions for the sake of interpretation Ahearn instead offers the reader a view of the modern city as complex as his

subject matter Here the methodologies and knowledge generated by the social sciences are both complemented and subverted by the experience of city life as portrayed in literature With its diverse narrative tactics and shifting points of view which can be as disorienting to the reader as a foreign city is to an arriving immigrant literature reinforces the importance of method and outlook in the social sciences Ultimately Ahearn suggests neither literature nor the social sciences can capture the experience of urban misery

Revenge versus Legality Katherine Maynard, Jarod Kearney, James Guimond, 2010-04-09 In the wake of Guantanamo Bay extraordinary renditions and secret torture centres in Eastern Europe and elsewhere *Revenge versus Legality* addresses the relationship between law and wild or vigilante justice between the power to enforce retribution and the desire to seek revenge Taking up a variety of narratives from the eras of Romanticism Realism Modernism and the Contemporary period and including new theories to explain the interactions that occur between legalistic courtroom justice and the vigilante variety *Revenge versus Legality* analyzes some of the main obstacles to justice ranging from judicial corruption to racism and imperialism The book culminates in a consideration of that form of crime or lawlessness that poses the most serious threat to the rule of law vigilante justice masquerading as legality With its mixture of politics literature law and film this lively and accessible book offers a timely reflection on the enduring phenomenon of revenge

James McNeill Whistler and France Suzanne Singletary, 2016-11-18 James McNeill Whistler and France A Dialogue in Paint Poetry and Music is the first full length and in depth study to position this painter within the overall trajectory of French modernism during the second half of the nineteenth century and to view the artist as integral to the aesthetic projects of its most original contributors Suzanne M Singletary maintains that Whistler was in a unique situation as an insider within the emerging French avant garde thereby in an enviable position to both absorb and transform the innovations of others and that until now his widespread influence as a catalyst among his colleagues has been neither investigated nor appreciated Singletary contends that Whistler's importance rivals that of Manet whose multi layered and often unexpected interconnections with Whistler are the focus of one chapter In addition Whistler's pivotal role in linking the legacies of Baudelaire Delacroix Gautier Wagner and other mid century innovators to the later French Symbolists has previously been largely ignored Courbet Degas Monet and Seurat complete the roster of French artists whose dialogue with Whistler is highlighted
