[Deep Learning with fastai Cookbook](#) Mark Ryan, 2021-09-24 Harness the power of the easy to use high performance fastai framework to rapidly create complete deep learning solutions with few lines of code

Key Features Discover how to apply state of the art deep learning techniques to real world problems Build and train neural networks using the power and flexibility of the fastai framework Use deep learning to tackle problems such as image classification and text classification

Book Description fastai is an easy to use deep learning framework built on top of PyTorch that lets you rapidly create complete deep learning solutions with as few as 10 lines of code Both predominant low level deep learning frameworks TensorFlow and PyTorch require a lot of code even for straightforward applications In contrast fastai handles the messy details for you and lets you focus on applying deep learning to actually solve problems The book begins by summarizing the value of fastai and showing you how to create a simple hello world deep learning application with fastai You ll then learn how to use fastai for all four application areas that the framework explicitly supports tabular data text data NLP recommender systems and vision data As you advance you ll work through a series of practical examples that illustrate how to create real world applications of each type Next you ll learn how to deploy fastai models including creating a simple web application that predicts what object is depicted in an image The book wraps up with an overview of the advanced features of fastai By the end of this fastai book you ll be able to create your own deep learning applications using fastai You ll also have learned how to use fastai to prepare raw datasets explore datasets train deep learning models and deploy trained models

What you will learn Prepare real world raw datasets to train fastai deep learning models Train fastai deep learning models using text and tabular data Create recommender systems with fastai Find out how to assess whether fastai is a good fit for a given problem Deploy fastai deep learning models in web applications Train fastai deep learning models for image classification

Who this book is for This book is for data scientists machine learning developers and deep learning enthusiasts looking to explore the fastai framework using a recipe based approach

Working knowledge of the Python programming language and machine learning basics is strongly recommended to get the most out of this deep learning book
