*Colleges Worth Your Money* Andrew Belasco, Dave Bergman, Michael Trivette, 2023-05-15 *Colleges Worth Your Money* A Guide to What America's Top Schools Can Do for You is an invaluable guide for students making the crucial decision of where to attend college when our thinking about higher education is radically changing. At a time when costs are soaring and competition for admission is higher than ever, the college-bound need to know how prospective schools will benefit them both as students and after graduation. *Colleges Worth Your Money* provides the most up-to-date accurate and comprehensive information for gauging the ROI of America's top schools including in-depth profiles of 200 of the top colleges and universities across the U.S. Over 75 key statistics about each school that cover unique admissions-related data points such as gender-specific acceptance rates, early decision acceptance rates, and five-year admissions trends at each college. The solid facts on career outcomes including the school's connections with recruiters, the rate of employment post-graduation, where students land internships, the companies most likely to hire students from a particular school, and much more. Data and commentary on each college's merit and need-based aid awards, average student debt, and starting salary outcomes. Top Colleges for America's Top Majors lists highlighting schools that have the best programs in 40 disciplines. Lists of the Top Feeder undergraduate colleges into medical school, law school, tech, journalism, Wall Street, engineering, and more.

**Languages in the Malaysian Education System** Asmah Haji Omar, 2015-12-16 This book provides an overview of language education in Malaysia covering topics such as the evolution of the education system from pre-independence days to the present time, the typology of schools, and the public philosophy behind every policy made in the teaching of languages. The book consists of chapters devoted to the teaching of languages that form separate strands but are at the same time connected to each other within the education system. These chapters discuss implementing the national language policy in education institutions, English in language education policies and planning in Malaysia, Chinese and Tamil language education in Malaysia, teaching of indigenous Malaysian languages, the role of translation in education in Malaysia. It also discusses the development of language which enables the national language Malay to fulfil its role as the main medium of education up to the tertiary level. This book will be of interest to researchers studying language planning, teacher education, and the sociology of education particularly within the Malaysian context.

*Academic Star Wars* Maria Yudkevich, Philip G. Altbach, Jamil Salmi, 2023-12-05 A pioneering collection of case studies on the global phenomenon of academic excellence initiatives and how they shape the performance of research universities. Academic excellence initiatives (AEIs), special government-sponsored programs to improve research universities, have provided billions of dollars to top universities and represent perhaps the most significant effort in the past half century to jumpstart academic research. The contributors to *Academic Star Wars*, superbly edited by Maria Yudkevich, Philip G. Altbach, and Jamil Salmi, analyze AEIs in nine European and Asian countries including China, Japan, Malaysia, South Korea, Taiwan, Denmark, France, Germany, and Russia, and offer penetrating insights into

the successes and problems of these initiatives as well as into the broader system of higher education itself Academic Star Wars provides a comprehensive analysis of AEIs across the globe as it seeks to understand the impact of these programs on national higher ed systems The contributors explore a host of topics including how the idea of excellence varies across national systems the lessons to be drawn from the most successful AEIs the consequences of AEIs both intended and unintended for participating universities and whether AEIs ensure a significant impact on the global standing of national higher education systems Finally the contributors offer policy recommendations for national decision makers and university leaders taking into account the variety of initial conditions of national higher education systems and the differences in AEI design scope and funding
