Customers Through Economic Cycles show you how to optimize your business's sales and marketing approaches specific to survive and thrive in each economic cycle and transition. The business case for continuing to invest in service and innovation can be compromised by an economic downturn. McKean clearly lays out the case for weathering the economic storm by achieving a careful balance of investment in the areas that truly matter and continually using data to reinforce the idea that business can be more science than art after all. Barbara Higgins, Vice President Worldwide Contact Centers, United Airlines. John McKean's work has served as a practical guide for me and my teammates. I have seen countless examples of businesses managing their customers' experience with a short-term economic view. If the right principles are employed consistently as John teaches us, we can create the right emotional experience that delivers growth and loyalty as well as the improved operating leverage that are needed in good times and in tough times. Consistency of values and experiences keeps companies from having to be reactionary and short-sighted in a down economy. Thanks John for another practical lesson. John Quinn, former Customer Service and Support Executive, Bank of America. In good times and bad forecasting where business is headed is both art and science. As John McKean so eloquently states, marrying data-driven analytics with consumer insight is critical for managing through tough economic cycles. This book is a must-read for anyone intent on driving greater profitability and consistently outperforming the competition. Joni Newkirk, CEO Integrated Insight Inc, former SVP Business Insight Improvement, Walt Disney Parks Resorts. John McKean continues his pursuit of the profitable customer through the turbulent world of boom and bust. His book provides valuable insights into how businesses survive and thrive in a volatile economic climate. Trevor Dukes, Business Systems, WH Smith. The rise of customer power coupled with challenging economic conditions demand that organizations leverage the power of the Internet and related technologies to stay relevant to their customers. As John McKean points out in his compelling new book, successful firms have built a core competency in leveraging information technology not only to survive economic transitions but thrive in an ever-changing economy. Erik Brynjolfsson, Professor MIT Sloan School and co-author of *Wired for Innovation: How Information Technology is Reshaping the Economy*. It would be hard to name a more relevant or timely topic for sales and marketing today than that of how to cope with economic downturns and upturns, and this is exactly the subject John McKean has insightfully tackled head-on in *Managing Customers Through Economic Cycles*. Have you sold some items but are looking for more to sell? Are you looking to expand your eBay business but don't know where to start? This is NOT a garbage book written by someone with little or no eBay experience describing what eBay is and what an eBay business is. I have made a full-time living selling on eBay since 1998. I started selling on eBay in my college dorm room. Within 2 years I had made enough money to cover 2 years of Ivy League college tuition. I was one of the pioneering Powersellers. In the nearly two decades of selling on eBay I have been through and survived many economic

booms and busts I am now moving further into the countryside and semi retiring from eBay selling In this book I will reveal all my closely guarded secrets to selling on eBay including my best retail sources how to maximize profits using retail arbitrage how to find deals from both online and brick and mortar stores how to reduce risk and shipping costs This book is NOT for eBay novices This book assumes the reader has some knowledge of selling on eBay The ideas in this book apply to all sellers The details apply to US based sellers This book is NOT a get rich quick scheme Selling on eBay is easy But it can also be hard If everyone could get rich selling on eBay everyone would be doing it I will not build castles in the air for you I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers I will not give you a list of toys and tell you to go on Craigslist to find them I will not claim that I work two hours a day selling on eBay and make thousands a month Come ON Get real Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees regardless of past performances Instead I will give you the TOOLS to help you find products and to TOOLS to help you maximize your profits on eBay Unlike other eBay authors I do not recommend buying stock wholesale to resell on eBay I will explain why in this book I do not look for items to sell at garage sales or storage auctions Finding a niche market is great but I will show why you do not need to have a niche to make money on eBay Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples Kohl s Target and MORE SOME OF THE TRICKS REVEALED IN THIS BOOK ARE NOT FOR THE FAINT OF HEART I provide many tools secrets and tips in this book and hope that it will help you to thrive on eBay in good times and survive in bad times Are you ready to maximize your profits Buy This Book Today
