Jackie Robinson West George Castle, 2016-04-01 The competition level in Little League has never been tougher but the kids on the Jackie Robinson West team faced their own set of challenges on and off the baseball diamond The Jackie Robinson West team takes their fans and followers on a rollercoaster ride of ups and downs as each player shares a different part of the team's history and experience including a double header with President Obama Jackie Robinson West The Story of the Youngest America's Team leads readers on their harrowing path to the Little League World Series Maintaining Social Well-Being and Meaningful Work in a Highly Automated Job Market Hai-Jew, Shalin, 2020-04-03 In mainstream media there has been wide discussion on what the world will look like when the artificial intelligence AI and robotics incursions into traditional human work result in fewer jobs in manufacturing service industries and other domains Turning to automation is a practical endeavor for corporations because of the efficiencies and increased performance it fosters but these changes have a major impact on humanity The resulting lack of work has been linked to social ills and human failure to thrive *Maintaining Social Well Being and Meaningful Work in a Highly Automated Job Market* is a pivotal reference source that explores how the world will re shape as one with less demand for human labor and how to potentially balance how people engage as part workers and as consumers of others creations Additionally the book looks at how people will co create meaningful lives at micro meso and macro levels While highlighting topics such as mobile technology positive psychological capital and human capital this book is ideally designed for technologists AI designers robotics designers policymakers social engineers CIOs politicians executives economists researchers and students *From .com to .profit* Nick Earle, Peter G. W. Keen, 2002-02-28 Until now all it's taken to build a successful e business is the right technology An online storefront goes up and a company's market capitalization goes through the roof despite low sales and no profits But now the race to get online is over As the new economy rapidly becomes the only economy Internet companies must learn how to create sustainable value if they're going to survive This book provides the solid business basics companies need to move from the old era of com to the next era of profit Nick Earle the driving force behind Hewlett Packard's worldwide Internet strategy and Peter Keen a visionary in the world of business and technology have been anticipating online trends and communicating them to managers for over twenty years Here they team up to forecast the future of Internet commerce and to lay out the six key imperatives that will determine the difference between successful and unsuccessful e business in the coming decade Earle and Keen show managers how to perfect the logistics cement the relationships build the brands transform the capital and cost structures harmonize the sales channels and provide the services that are crucial to delivering both value and profits on the Web Using examples from HP and other top companies around the world the authors go beyond Internet hype to lay out strategic action in the key areas of technology finance and marketing In the process they provide all the useful information timely insights and practical advice managers need to build business plans for the new economy that really work **Billboard** , 1966-12-03
