Politics: Last Act of Defiance Scott Bolinger, 2021-10-14 Introduction This book was started based on my fight against a corrupt government I served on a community board and ran for several public offices The local city government and city council did not like my campaigns so I became a political target I took a lot of heat from the local government for several years with them interfering with my business and my everyday life I had to put up with their misinformation and defamatory campaigns After a couple of years of being attacked regularly I decided that I should start recording every encounter A couple of encounters is not a big deal 50 encounters start to become a big deal So I started collecting all documents to prepare for a possible suit against the city After several years of taking heat and the government's refusal to let up I figure they were not going to go away The local government made me a political target which destroyed both my reputation and business I had put up with the city creating misinformation about me and my business I was harassed segregated and ostracized and they put me in a position that forced me to consider packing up and moving out of town or to fight back This book goes through many of the battles I went through It also goes through many of the policies that I have sent to local state and federal lawmakers to help promote change I also go through several research analyses that I had conducted I hope that this book will help serve as inspiration for people to keep fighting and if that doesn't work then fight smart
