fifteen years since Apple fans raved over the first edition of the critically acclaimed *The Cult of Mac*. This long-awaited second edition brings the reader into the world of Apple today while also filling in the missing history since the 2004 edition including the creation of Apple brand loyalty, the introduction of the iPhone and the death of Steve Jobs. Apple is a global luxury brand whose products range from mobile phones and tablets to streaming TVs and smart home speakers. Yet despite this dominance, a distinct subculture persists which celebrates the ways in which Apple products seem to encourage self-expression, identity and innovation. The beautifully designed second edition of *The Cult of Mac* takes you inside today's Apple fandom to explore how devotions new and old keep the fire burning. Join journalists Leander Kahney and David Pierini as they explore how enthusiastic fans line up for the latest product releases and how artists pay tribute to Steve Jobs' legacy in sculpture and opera. Learn why some photographers and filmmakers have eschewed traditional gear in favor of iPhone cameras. Discover a community of collectors around the world who spend tens of thousands of dollars to buy, restore and enshrine Apple artifacts like the Newton MessagePad and Apple II. Whether you're an Apple fan or just a casual observer, this second edition of *The Cult of Mac* is sure to reveal more than a few surprises, offering an intimate look at some of the most dedicated members in the Apple community.

MOBILE COMMERCE BANDYOPADHYAY, KARABI, 2022-12-19

Once the treasured piece of the elite class, mobile phones have now become a prerequisite of every commoner. From schoolchildren to pensioners, from bureaucrats to fruit vendors, all depend greatly on their mobile phones now. The reason can be given to its impeccable potential to perform various applications efficiently within no time. This book on Mobile Commerce gives an in-depth insight on the role of a mobile in revolutionizing various industry verticals, specifically business and commerce. The book in its second edition shows the evolution of a mobile phone from a mere gadget meant for communication to a smarter one performing business transactions. The book is divided into seven parts discussing basic concepts, technologies, key players, new products, security and legal aspects, the future trends and the case studies. The book also discusses various technologically advanced handheld devices like Smart phones, PDA's, Laptops, Tablets and Portable Gaming Consoles in detail. Besides the basic technology and concepts involved in application of mobile commerce, is discussed comprehensively. The important concepts like mobile marketing, mobile ticketing, mobile computing, mobile payments and mobile banking are discussed vis-à-vis latest technologies like wireless and mobile communication technology, digital cellular technology, mobile access technology including 5G and 6G systems. The book also throws light on the issues such as mobile security hazards and the necessary measures to protect against the same. A chapter is devoted to laws governing the mobile phone usage and its privacy. The Case Studies are provided elucidating the role of mobile commerce in the real-life scenarios. This book is intended for the undergraduate and postgraduate students of Computer Applications, Electronics Communication Engineering, Information Technology and Management.
