more *The Publishers Weekly*, 2005 *The 7-day Low-carb Rescue and Recovery Plan* Rachael F. Heller, Richard Ferdinand Heller, 2004 Drs Rachel and Richard Heller authors of the revolutionary New York Times bestselling Carbohydrate Addict's books are renowned for their ability to motivate readers with their own combined 200 pound weight loss success. Drs Heller understand the physical and emotional reasons why people struggle to stay on their low carb diets or fall off them completely. Now comes the right help at the right time: a plan to put the low carb dieter back in control without deprivation in only a week or less. Holidays, vacation stress, boredom, and daily emotional wear and tear are all factors that can chip away at the most sincere diet commitment. What starts out as a simple cheat often leads to bona fide failure. In the end, most low carb dieters are left to watch helplessly as their eating spirals out of control and the pounds creep or rush back on. Drs Heller know that once someone has fallen off any low carb diet, they need help to get back on and stay on. Now there's a day by day, scientifically based, motivating and empowering program that will immediately reduce cravings, satisfy the body's need for carbohydrates, and help low carb dieters regain control over their eating and their weight.
