Digital Textualities and Spaces in ELT Theresa Summer, Ralf Gießler, 2025-03-31 The digital world opens up a vast number of spaces such as immersive virtual reality digital book corners and discourses marked by hashtags In this volume we argue that digital spaces and textualities should play a more central role in English language teaching and learning ELT emphasising their multimodal and interactive nature as a means of engaging with different layers of meaning in the target language Digital spaces function as contact zones where readers and writers communicate negotiate experiences and shape collective identities Within these spaces digital textualities create opportunities for competence development across various language related domains fostering a critical engagement with texts Bringing together theoretical insights conceptual developments and case studies this volume explores the potential of digital spaces and textualities for ELT while addressing their practical implications

Reading for Pleasure: International Perspectives Teresa Cremin, Sarah McGeown, 2025-03-19 Growing evidence of the vital role reading for pleasure plays in children and young people s academic outcomes and socio emotional wellbeing has placed it high on the agenda in both educational policy and practice This valuable collection draws upon a range of disciplinary perspectives and methodological approaches to explore how reading for pleasure is experienced and enacted and highlights the implications and benefits of such volitional reading in the lives and learning of children and young people It offers contributions from leading international researchers on current evidence and literature within the field identifying the causes and consequences of reading for pleasure and framing this within the context of understanding readers and applying this to developing effective pedagogical practices With chapters examining how we may shape the reading experience this book is divided into four sections Understanding readers including factors such as motivation gender and identity The nature of texts including fiction sensory and digital texts Pedagogies and practices exploring agency book talk and reading aloud Environments conducive to reading for pleasure including homes school libraries classrooms and communities Presenting diverse and interdisciplinary perspectives this will be a key text for researchers teacher educators and policy makers who wish to become better informed in their thinking discourse and practice when supporting children and young people in learning to read for pleasure

The Reading Lives of Teens Chin Ee Loh, 2024-11-04 In these changing times of global flows of media and technologies and reports of declining reading enjoyment researchers policymakers and educators need to engage anew with essential issues of what counts as reading what kinds of reading matter and how to support teen reading engagement in school and out of school settings Bringing together contributions from well known and emerging adolescent literacy researchers from different disciplinary perspectives this edited collection consolidates contemporary research on teens volitional print and digital reading whether in school or out of school contexts The first part of the book offers overviews of what teens are reading followed by chapters on community support on reading and new ways of researching teen reading With chapters from North America Europe Australia Asia and the Middle East the

collection will offer multifaceted and complex insights into what how and why teens read in different contexts Reflection questions at the end of each chapter encourage readers to consider how the research can be applied in their own research policy and practice contexts This book will be of interest to researchers policymakers and educators who are invested in supporting adolescent engaged reading with evidence based policies and strategies

Multiliteracies, Multimodality, and Learning by Design in Second Language Learning and Teacher Education Agustín Reyes-Torres, María Estela Brisk, Manel Lacorte, 2025-04-30 Multiliteracies Multimodality and Learning by Design in Second Language Learning and Teacher Education offers valuable insights and practical strategies for addressing the language and literacy needs of students in diverse multilingual classrooms This edited volume delves into the dynamic interplay between multimodality multiliteracies and Learning by Design LbyD providing evidence based research and actionable guidance for their effective implementation in second language learning and teacher education Examining the advantages of incorporating multimodality and multiliteracies in second language teacher training this book emphasizes the use of multimodal texts to create engaging and meaningful lessons for L2 learners By empowering students as active co constructors of knowledge this book equips educators with the necessary tools to foster a vibrant and inclusive learning environment Designed specifically for pre service and practicing teachers this book serves as an indispensable resource for integrating the pedagogy of multiliteracies into both coursework and classroom practices

Retooling Study Abroad Carmen Granda, 2023-11-02 Study abroad is the ideal option for world language students to immerse themselves in the target language and culture However circumstances beyond control may make travel challenging even impossible Technology has the potential to engage students and provide an opportunity for linguistic and cultural immersion from home In addition to immersing students in the target language and culture Carmen Granda shows that technology can be implemented in all world language courses to foster connections and comparisons and most importantly create community in and outside of the classroom She demonstrates that digital tools have the power to make language learning inclusive of and accessible to all students fulfilling diversity equity and inclusion DEI goals of higher education
