Azhar ul Haque Sario,2025-10-30 Have you ever wondered why that 13 digit number on the back of a book costs 125 in the United States but is completely free in Canada and India This book The Global ISBN Handbook is your 2025 guide to the International Standard Book Number It explains everything about this global fingerprint for books The ISBN is the most important cornerstone of the publishing industry It started as a simple warehouse tool in the 1960s Now it is a complex digital identifier used in over 200 countries This handbook deconstructs the entire system It uses 15 distinct national case studies to do this You will learn how the old 10 digit system changed to the new 13 digit one We break down the five parts of the ISBN from the Bookland prefix to the final check digit The book explores the global governance framework starting with the International ISBN Agency Then it dives deep into how different countries run their systems You ll see the privatized high cost model in the United States You ll compare it to Canada s free government run system We explore the industry led models in Brazil and Germany We look at government run systems in Mexico and India We even cover the unique case of China where the ISBN is not a simple identifier but a state controlled publication license The book also examines the systems in the UK France Russia Japan Australia South Africa Nigeria and Egypt Many books and websites can tell you how to get an ISBN This handbook is the only resource that explains why the process is so different everywhere you look It moves beyond a simple how to and provides a true global analysis It directly compares the privatized for profit models in the US and UK against the free public good systems in Canada and South Africa You won t just learn the price you will understand the cultural policies market structures and legal philosophies that shape that price This book shows how the ISBN is a global mirror It reveals how a simple number can be a commercial product in one nation a tool of cultural policy in another and an instrument of state control in a third This comparative insight is the missing piece for any author publisher or researcher trying to navigate the complex international publishing market Disclaimer This handbook is an independently produced resource for commentary and analysis The author has no affiliation with the International ISBN Agency R R Bowker Library and Archives Canada the National Press and Publication Administration or any other national ISBN agency This work is independently produced under the principle of nominative fair use **Claimed by the Undead** C.L. Chaos at the Lazy Bones Bookshop Emmeline Duncan, 2024-07-23 Bailey Briggs adores her year round Halloween themed town of Elyan Hollow Oregon but when she takes over her grandfather s beloved bookshop Lazy Bones Books she accidentally discovers the town s secret dark side Normally spooky season is Bailey Briggs favorite time of year and her Halloween themed small town s time to shine But between managing Lazy Bones Books working on her graphic novel in progress and running the Spooky Season Literary Festival Bailey hardly has a moment to enjoy Elyan Hollow s spot on seasonal vibes Not to mention at every turn she seems to be tripping over the contentious crew of Gone Ghouls a ghost hunting reality TV show currently filming around town Bailey tries to stay focused on the Lit Festival which is supposed to

kick off Elyan Hollow's annual Halloween Fair instead this year's festival begins with a murder. It's bad enough Bailey discovered the victim but now as a lead suspect with some admittedly damning evidence pointing her way she's got to clear her name. With the help of her librarian friend Colby and Jack Skeleton her world class bookshop dog and the absolute bestest boy ever Bailey sets out to solve a murder. As her investigation weaves through family secrets professional rivalries and town feuds the list of suspects is growing fast and unfortunately so is the list of victims. If Bailey doesn't find the killer soon Elyan Hollow's haunted reputation will get a little too real. Good at People Lee Pini, 2024-02-20

Story Virality Monica Leonelle, 2021-05-25 You know how to market your book but is the book itself making it harder to gain traction This is a question that all writers and authors struggle with We aren't always great at evaluating our own work whether we are new to publishing or on our twentieth book And the answers we get from other authors is usually to Write to a more popular trend End the series faster Hire a developmental editor Try a new marketing tactic Change the cover or blurb Write the next book But here's the thing your back catalog is not dead weight You worked hard on your book or series and there's no reason you can't get it selling better Without having to write to a trend you're not passionate about Without having to add in tropes that don't make sense Without having to hire another

editor editors can't fix a marketing issue within your story Without having to change your writing style Without having to do what everyone else says is the only thing that's selling right now Editing For Marketability is new and different It's an advanced approach to writing to market that breaks down why books sell based on persuasive writing techniques found across storytelling branding psychology public relations and marketing And yes it applies readily to novels I share the how in the book When you practice marketability editing you take your story through the Book Virality Stack a framework with six virality factors that helps you see where your book has marketing hooks and where it doesn't I teach you how to improve your marketability under each factor so you get to choose I also teach you how you can better emphasize the various hooks you already have in your book if you've already published and don't have time for a full edit You can use this framework to Make sure your next release is written to market Fix an underperforming first in series or other reader magnet so your series starts selling better Build a breakout book from the ground up to bring visibility to your entire catalog You became a creative to express yourself and share your stories Editing For Marketability helps you connect to a larger audience without sacrificing your characters plot or autonomy over your work
