Media Literacy in Action Renee Hobbs, 2024-10-14 There's never been a more important time for students to develop media literacy competencies. When students ask critical questions about the media they consume, they develop fundamental knowledge and critical thinking skills that prepare them for life work and meaningful citizenship. *Media Literacy in Action* addresses learners who are simultaneously active as both creators and consumers of media messages. At the same time, the book recognizes that everyone is vulnerable to media influence because of our dependence on the instant gratification and feelings of connectedness that digital platforms provide. To thrive in a media-saturated society, people need to ask critical questions about what we watch, see, listen to, read, and use. This book gives students those tools. Key features of the second edition: Critical examination of AI technologies, algorithmic personalization, data privacy, and surveillance; and the increased global regulation of digital platforms. Attention to media literacy for empowerment and protection. Inquiry-oriented approach to learning that cultivates intellectual curiosity and creative expression. Full-color presentation with figures and photos to increase student engagement. Each chapter includes *Media Literacy Trailblazers*, profiles of key thinkers and their theories that connect students with the discipline of media literacy. *Media Literacy DIScourse* NEW! Visual representations of media literacy theoretical principles help learners internalize the practice of asking critical questions as they respond to specific media examples. *Learning in Action* NEW! Summary and vocabulary sections combine with *Analyze*, *Create*, *Reflect*, and *Act* activities to empower students to apply ideas from each chapter. Supplemental Materials available at www.mlaction.com. Students can review key ideas, learn about more *Media Literacy Trailblazers*, and watch videos aligned with each chapter. Instructors can access a *Teacher's Guide* of best practices in class activities, homework, and projects. Also available are chapter summaries, lecture slides, YouTube playlists, and test materials.

Modern Political Campaigns Michael D. Cohen, 2025-04-15 Dr. Michael D. Cohen, a 30-year veteran of working on teaching and writing about political campaigns, shows readers how campaigns are organized, explains state-of-the-art tools of the trade, and reveals how some of the most interesting people in politics got their big breaks. He combines academic insights and practical advice that will be of interest to practitioners and students considering careers in politics and people interested in how elections are won. The second edition, updated to include a new chapter on how campaigns are using artificial intelligence and what that means for democracy, has been completely revised throughout to provide readers with an up-to-date understanding of how candidates succeed.

A Philosophy of Communication of Social Media Influencer Marketing Kati E. Sudnick, 2023-11-28 Social media influencer marketing emerged in Web 2.0 as a new form of celebrity endorsement in which the Internet famous create word-of-mouth marketing for brands and organizations on their personal social media pages, blurring the line between organic and sponsored content for their followers. This book explores social media influencer marketing through the lens of philosophy of communication with a praxis-centered approach. Kati E. Sudnick utilizes a multitude of theoretical touchstones

including Christopher Lasch's narcissistic culture Marshall McLuhan's global village Daniel Boorstin's human pseudo event Jacques Ellul's propaganda and the interplay between charismatic leadership and parasocial relationships in order to consider consequences surrounding Hannah Arendt's social condition which appears in hyper form within social media influencer marketing as a major integrated marketing communication tool Sudnick applies these concepts to three major case studies surrounding Audible BetterHelp and Fyre Festival drawing implications and conclusions for this integrated marketing communication tactic in an era entrenched within the banality of the social Ultimately the author argues for a more aware and conscientious public when it comes to engaging with influencers online Scholars of communication
