While many consumers rely heavily on online reviews during their purchases it is unrealistic to expect a consumer to read every online review and make an informed decision Many online review systems provide summary views in the form of overall sentiment scores or rating distributions e g Amazon Alibaba etc While consumers rely on such high level views that summarize the opinions of many they also read individual reviews to understand the nature of the overall sentiment In a way product details overall sentiment summaries and individual reviews form a network of information that users explore to make their purchase decisions This work studies the user behavior when they are exploring this network of product and sentiment information and how it may relate to online sales

Summary of Vaporized - [Review Keypoints and Take-aways] PenZen Summaries,2022-11-29 The summary of Vaporized Solid Strategies For Success in a Dematerialized World presented here include a short review of the book at the start followed by quick overview of main points and a list of

important take aways at the end of the summary The Summary of Vaporized takes an in depth look at the technological landscape of the future As we move further into the digital age it is prudent to be aware of what to anticipate including what may occur to banks jobs and the manner in which we conduct business There is no denying that the internet has changed our lives and whether we like it or not there are many more changes to come in the not too distant future Vaporized summary includes the key points and important takeaways from the book Vaporized by Robert Tercek Disclaimer 1 This summary is meant to preview and not to substitute the original book 2 We recommend for in depth study purchase the excellent original book 3 In this summary key points are rewritten and recreated and no part text is directly taken or copied from original book 4 If original author publisher wants us to remove this summary please contact us at support mocktime com [Online Consumer Reviews](#) Hessamedin Vali,2016 Consumer reviews as an important source of product information are becoming popular in online markets Due to lack of physical access to the product and variation among buyer preferences there is always the risk of selecting an inappropriate product that doesn t meet a customer s needs If this happens not only does the buyer face an uncomfortable situation but also the seller will be in jeopardy of losing potential customers as well as paying warrantyrelated costs and expenses In the second chapter the focus is on different types of conflicting information among reviews as factors that affect their informativeness and accuracy of a purchasing decision Cognitive load theory explains that when a type of review conflict is easy to capture but cannot be related to a product like a conflicting star rating the cognitive load is too low and the product information cannot be captured Conflicting attributes can be easily related to a product and they are easy to capture therefore the cognitive load is medium and the delivered information is high In the third chapter the focus is on the effect of a review s repeating purchase cues on the overall perceived value of the product In summary when a positive review includes repeating purchase cues positive reviews are perceived more helpful than negative reviews Finally the value of review dimensions and review format on the review s perceived value is studied In general comparison reviews are perceived to be more valuable than noncomparison reviews However in the field of consumer reviews comparing reviews provides too much information and overwhelms the potential buyer By categorizing information in a table format the overwhelming issue can be managed so comparing reviews in a table format is perceived more valuable than existing traditional reviews
