New Developments in the Trilateral Relationship between the United States, Taiwan, and China Charles K.S. Wu, Yao-Yuan Yeh, 2025-03-15 Taiwan has become a new flashpoint in Sino U S relations in recent years. The nation just concluded its presidential and legislative elections in January 2024. The political status of Taiwan is one of the few if not the only issues that have won bipartisan support. *New Developments in the Trilateral Relationship between the United States, Taiwan, and China* analyzes the three way relationship and raises numerous questions that are urgently awaiting answers. The book advances our understanding of some of the pressing issues in this relationship. These questions include but are not limited to how does the U S public view the trade war against China? How do they perceive China in general? What extent could the Indo Pacific Economic Framework for Prosperity (IPEF) support U S economic competition with China? As for Taiwan to what scope do China's campaigns infiltrate and influence political attitudes?
