Kates, 2008 Prominent Moscow poet Evgeny Bunimovich selected representative work from forty four living Russian poets born after 1945 to be translated and published in this bilingual edition The collection ranges from the mordant post Soviet irony of Igor Irteniev to the fresh voices of poets like Marianna Geide and Anna Russ young women just beginning to make themselves heard The book includes the work of Booker Prize winner Sergey Gandlevsky and several winners of the Andrey Bely Prize and Brodsky Fellowships Most of these poems and many of the poets have previously been unpublished in the West **Modern Russian Poetry** Babette Deutsch, 2015-07-11 Excerpt from *Modern Russian Poetry An Anthology* This volume heaps the anthological Pelion upon the Ossa of translation It aims to present the lyrical poetry of Russia for the last hundred years by a selection of poems translated by the editors Within the fences thus set up lay a wide foreign field to pick from the old fashioned garden overrun by the rank growth of exotic flowers beautiful weeds outflanking the hothouse plants The principle of selection was so far as might be aesthetic Poems were chosen less for their representative quality than for their immediate worth and of course their ability to stand the test of translation In view of the pioneer character of this work however some concession was made to historical considerations and therefore part of the material included may appear rather jejune and vieux jeu The effort was to give a brief general glimpse of the classic poets and to treat in greater detail the moderns and contemporaries who are to the translators as to the readers more of a living actuality The difficulties of selection are obvious You may add you may alter the

choice how you will but the sin of omission will cling round it still In this case the problem was sharpened by the rigors of translation These were not mere flowers for the plucking They had to be transplanted into strange soil which was not hospitable to them all Translation has been likened to the wrong side of a Turkey carpet About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Modern

Russian Poetry P. Selver, 2017-09-17 Excerpt from Modern Russian Poetry d104s and Translations The disadvantages associated with all anthologies are increased in the case of an anthology of translated verse where the choice of the contents is affected not only by the translator's personal leanings but also by the suitability of any particular poem for translation into another language As regards the present volume it is admittedly the merest outline to be filled in later as circumstances may permit But it is hoped that this collection in spite of such obvious shortcomings as have been indicated will convey a fairly adequate idea of the chief features in modern Russian poetry a branch of Russian literature which has so far received very little serious attention in this country About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Modern Russian Poetry; Texts and**
