Inspections and Reports on Dwellings Ian A. Melville, Ian A. Gordon, 2016-02-05 This new edition of Reporting for Buyers provides guidance for the surveyor on setting out the findings of the inspection in a clear

unambiguous and unequivocal way The book provides a full critical look at the current situation describing the various types of report currently available to the public for commissioning The limitations and attributes of these reports are discussed and their respective forms of advice considered in detail together with the advice provided to buyers which is a legal requirement to Scotland The authors stress the need for Surveyors to demonstrate their all round abilities by putting themselves in their client's shoes to provide advice appropriate to their needs and requirements In doing so they set out a cogent criticism of the standardised forms of advice offered to buyers and the lack of transparency in how they are presented by comparing what is seen by the client and what is set out in the various guidelines available Surveyors will find the site notes and sample reports invaluable in demonstrating how the same dwelling can be described in the reports available Sample reports include mortgage valuation report RICS Condition Report RPSA Home Condition Survey Scottish Single Survey and the RICS Home Buyer Report This book is intended for all those engaged in inspecting and reporting on dwellings whether experienced newly qualified or studying for appropriate qualifications to become members of professional institutions It will also be found useful to conveyancing solicitors acting for lenders *Dilapidations and Service Charge* Garrity Denis J. Garrity, 2019-12-05 This clear and practical book gives a thorough exposition of the law governing dilapidations in Scotland It covers the underlying common law interpretation of the lease remedies for breach of repairing obligation common parts and service charge and dispute resolution Professional Notes Royal Institution of Chartered Surveyors, 1903 *Flood Recovery, Innovation and Response III* D. Proverbs, 2012 Flooding claims many lives worldwide each year In addition many more lives are affected by homelessness disease and crop failures as a result of floods destructiveness The number of recent flood events coupled with climate change predictions and urban development suggest that these statistics are likely to worsen in the future Flooding in populated areas can cause substantial property damage as well as threaten human life Apart from the obvious physical damage to buildings contents and loss of life there are other more indirect losses that are often overlooked These intangible impacts are generally associated with disruption to normal life as well as longer term health issues including stress related illness The conference papers cover the following topics Flood risk analysis Flood risk management Urban flood management Flood forecasting Risk assessment and decision making Flood case studies Community resilience to flooding Energy preparedness and response Critical infrastructure protection Flood consequence assessment
