Modernism in Kyiv Irene Rima Makaryk, Virlana Tkacz, 2010-01-01 Modernism in Kyiv restores the multicultural city of Kyiv to its rightful position as a major player in the dialogue and cross pollination of ideas occurring between important modernist figures in centres such as Paris New York London and Vienna Engaging and highly readable this collection is impressive in its scope depth and breadth The study of modernism has been largely focused on Western cultural centres such as Paris Vienna London and New York Extravagantly illustrated with over 300 photos and reproductions Modernism in Kyiv demonstrates that the Ukrainian capital was a major centre of performing and visual arts as well as literary and cultural activity While arguing that Kyiv s modernist impulse is most prominently displayed in the experimental work of Les Kurbas one of the masters of the early Soviet stage the contributors also examine the history of the city and the artistic production of diverse groups including Ukrainians Russians Jews and Poles Until now a silent presence in Western accounts of the cultural topography of modernism multicultural Kyiv is here revealed in its historical intellectual and artistic complexity Excerpts taken from the works of artists writers and critics as well as the numerous illustrations help give life to the exciting creativity of this period The first book length examination of this subject Modernism in Kyiv is a breakthrough accomplishment that will become a standard volume in the field

Imperial Urbanism in the Borderlands Serhiy Bilenky, 2018-04-13 In the nineteenth and early twentieth century Kyiv was an important city in the European part of the Russian empire rivaling Warsaw in economic and strategic significance It also held the unrivaled spiritual and ideological position as Russia s own Jerusalem In *Imperial Urbanism in the Borderlands* Serhiy Bilenky examines issues of space urban planning socio spatial form and the perceptions of change in imperial Kyiv Combining cultural and social history with urban studies Bilenky unearths a wide range of unpublished archival materials and argues that the changes experienced by the city prior to the revolution of 1917 were no less dramatic and traumatic than those of the Communist and post Communist era In fact much of Kyiv s contemporary urban form architecture and natural setting were shaped by imperial modernizers during the long nineteenth century The author also explores a general culture of imperial urbanism in Eastern Europe *Imperial Urbanism in the Borderlands* is the first work to approach the history of Kyiv from an interdisciplinary perspective and showcases Kyiv s rightful place as a city worthy of attention from historians urbanists and literary scholars

Laboratory of Modernity Serhiy Bilenky, 2023-10-15 When the powers of Europe were at

their prime present day Ukraine was divided between the Austrian and Russian empires each imposing different political social and cultural models on its subjects This inevitably led to great diversity in the lives of its inhabitants shaping modern Ukraine into the multiethnic country it is today Making innovative use of methods of social and cultural history gender studies literary theory and sociology Laboratory of Modernity explores the history of Ukraine throughout the long nineteenth century and offers a unique study of its pluralistic society culture and political scene Despite being subjected to different and conflicting power models during the nineteenth and early twentieth centuries Ukraine was not only imagined as a distinct entity with a unique culture and history but was also realized as a set of social and political institutions The story of modern Ukraine is geopolitically complex encompassing the historical narratives of several major communities including ethnic Ukrainians Poles Jews and Russians who for centuries lived side by side The first comprehensive study of nineteenth century Ukraine in English Laboratory of Modernity traces the historical origins of some of the most pressing issues facing Ukraine and the international community today

Children and Yiddish Literature From Early Modernity to Post-Modernity

Gennady Estraiikh, Kerstin Hoge, Krutikov Mikhail, 2016-05-20 Children have occupied a prominent place in Yiddish literature since early modern times but children s literature as a genre has its beginnings in the early 20th century Its emergence reflected the desire of Jewish intellectuals to introduce modern forms of education and promote ideological agendas both in Eastern Europe and in immigrant communities elsewhere Before the Second World War a number of publishing houses and periodicals in Europe and the Americas specialized in stories novels and poems for various age groups Prominent authors such as Yankev Glatshteyn Der Nister Joseph Opatoshu Leyb Kvitko made original contributions to the genre while artists such as Marc Chagall El Lissitzky and Yisakhar Ber Rybak also took an active part In the Soviet Union meanwhile children s literature provided an opportunity to escape strong ideological pressure Yiddish children s literature is still being produced today both for secular and strongly Orthodox communities This volume is a pioneering collective study not only of children s literature but of the role played by children in literature

The Secret Police and the Soviet System Michael

David-Fox, 2023-10-24 Even more than thirty years after the dissolution of the Soviet Union the role of the secret police in shaping culture and society in communist USSR has been difficult to study and defies our complete understanding In the last decade the opening of non Russian KGB archives notably in Ukraine after 2015 has allowed scholars to explore state security organizations in ways not previously possible Moving beyond well known cases of high profile espionage and repression this study is the first to showcase research from a wide range of secret police archives in former Soviet republics and the countries of the former Soviet bloc some of which are rapidly closing or becoming inaccessible once again Rather than focusing on Soviet leadership The Secret Police and the Soviet System integrates the secret police into studies of information technology economics art and ideology The result is a state of the art portrait of one of the world s most notorious institutions the legacies of which are directly relevant for understanding Vladimir Putin s Russia today

David Bergelson's Strange

New World Harriet Murav, 2021-12-22 A contemporary evaluation of Bergelson and his works examining Yiddish literature Jewish culture and modernism David Bergelson 1884 1952 emerged as a major literary figure who wrote in Yiddish before WWI He was one of the founders of the Kiev Kultur Lige and his work was at the center of the Yiddish speaking world of the time He was well known for creating characters who often felt the painful after effects of the past and the clumsiness of bodies stumbling through the actions of daily life as their familiar worlds crumbled around them In this contemporary assessment of Bergelson and his fiction Harriet Murav focuses on untimeliness anachronism and warped temporality as an emotional sensory existential and historical background to Bergelson's work and world Murav grapples with the great modern theorists of time and memory especially Henri Bergson Sigmund Freud and Walter Benjamin to present Bergelson as an integral part of the philosophical and artistic experiments political and technological changes and cultural context of Russian and Yiddish modernism that marked his age As a comparative and interdisciplinary study of Yiddish literature and Jewish culture this work adds a new ethnic dimension to understandings of the turbulent birth of modernism Harriet Murav treats Bergelson with the care and sincerity that literary critics have shown other important writers This is a masterpiece of literary scholarship that will be sure to transform not only how people read Bergelson and who chooses to read Bergelson but how readers engage with the entire concept of modernism itself David Shneer author of *Yiddish and the Creation of Soviet Jewish Culture* 1918 1930

2015 Günter Berghaus, 2015-07-01 The special issue of *International Yearbook of Futurism Studies* for 2015 will investigate the role of Futurism in the oeuvre of a number of Women artists and writers These include a number of women actively supporting Futurism e.g. Rena Ztkov Edyth von Haynau Olga Rozanova Eva Kohn others periodically involved with the movement e.g. Valentine de Saint Point Aleksandra Ekster Mary Swanzy others again inspired only by certain aspects of the movement e.g. Natalia Goncharova Alice Bailly Giovanna Klien Several artists operated on the margins of a Futurist inspired aesthetics but they felt attracted to Futurism because of its support for women artists or because of its innovative roles in the social and intellectual spheres Most of the artists covered in Volume 5 2015 are far from straightforward cases but exactly because of this they can offer genuinely new insights into a still largely under researched domain of twentieth century art and literature Guiding questions for these investigations are How did these women come into contact with Futurist ideas Was it first hand knowledge poems paintings manifestos etc or second hand knowledge usually newspaper reports or personal conversions with artists who had been in contact with Futurism How did the women respond to the positive or negative reports How did this show up in their oeuvre How did it influence their subsequent often non Futurist career

The New Generation and Artistic Modernism in the Ukraine Myroslava Mudrak, 1986

Painting in Excess Olena Martynyuk, 2021-12-16 The upheavals of glasnost and perestroika followed by the collapse of the Soviet Union remarkably transformed the art scene in Kyiv launching Ukrainian contemporary art as a global phenomenon The previously calm waters of the culturally provincial capital of the Ukrainian Soviet Republic became

radically stirred with new and daring art made publicly visible for the first time since the avant garde period of the early twentieth century As artists were freed from the dictates of the fading Communist ideology and the constraints of late socialist realism an explosion of styles emerged creating an effect of baroque excess This exhibition catalogue traces and documents the diverse artistic manifestations of these transitional and exhilarating years in Kyiv while providing some historical artworks for context Published in partnership with the Zimmerli Museum *Russian Modernism* Jean-Louis Cohen, David Woodruff, Ljiljana Grubisic, 1997 This comprehensive bibliography of the Russian Modernist holdings of the Getty Research Institute for the History of Art and the Humanities comprises both published and unpublished material dating from approximately 1905 to 1941 an era that saw unprecedented political change and an explosion of new artistic strategies The Research Institute's holdings include Russian and foreign language translations of Russian texts exhibition and museum catalogues children's books limited editions journals lithographs offprints pamphlets collected papers photographic albums plays portfolios posters songs and transcripts This extensive reference will be essential for librarians scholars students and rare book dealers *The Museological Unconscious* Victor Tupitsyn, 2009 Sumario Susan Buck Morss in conversation with Victor Tupitsyn *Civitas solis ghetto as paradise Communal post modernism a short history Moscow communal conceptualism Icons of iconoclasm Sun without a muzzle If I were a woman Pushmi Pullyu St Petersburg and Moscow Batman and the joker the thermidor of the bodily Body without a name Notes on the museological unconscious Negativity mon amour Post autonomous art Rublevskoe Chauss e* **The New Generation and Artistic Modernism in the Ukraine** Myroslava M. Mudrak, 1980 *At the Crossroads of the Avant-Garde* Lars Kleberg, 2025-11-15 Rediscovering a lost luminary of modernism and the Russian avant garde This kaleidoscopic biography offers readers a compelling microhistory of a revolutionary moment in art and politics through its portrait of an enigmatic but influential figure Ivan Aksyonov authored the first book length study about Pablo Picasso translated Elizabethan drama and was a literary adviser to Vsevolod Meyerhold as well as a teacher of Sergei Eisenstein in Meyerhold's institute and an important critic before dying in 1935 Lars Kleberg traces Aksyonov's influences interlocutors and creative output in multiple genres and media to bring a complicated and fascinating character back to life Kleberg invites us to reconsider the avant garde and to understand the political and artistic ferment of the revolutionary era and its aftermath in new deeper ways **Bridging East and West** Yuliya V. Ladygina, 2019 *Bridging East and West* explores the literary evolution of one of Ukraine's foremost modernist writers Ol ha Kobylanska who was a major contributor in the intellectual debates of her time Investigating themes of feminism populism Nietzscheanism nationalism and fascism in her works this study presents an alternative intellectual genealogy in turn of the century European arts and letters whose implications reach far beyond the field of Ukrainian studies Rather than repeating various narratives about modernism as a radical response to nineteenth century bourgeois culture or an aesthetic of fragmentation this study highlights the fissures and fusions inherent to turn of the century thought For feminist scholars *Bridging East and*

West makes accessible a thorough account of a central yet overlooked woman writer who served as a model and a contributor within a major cultural tradition For those working in Victorian studies or comparative fascism and for those interested in Nietzsche and his influence on European intellectuals Kobylans ka emerges in this study as an unlikely but no less active trailblazer in the social and aesthetic theories that would define European debates about culture science and politics in the first half of the twentieth century For those interested in questions of transnationalism and intersectionality this study s discussion of Kobylans ka s hybrid cultural identity and philosophical program exemplifies cultural interchange and irreducible complexities of cultural identity
