Conflict Narratives in Middle Childhood Marsha D. Walton,Alice J. Davidson,2017-03-27 Conflict Narratives in Middle Childhood presents evidence from twenty years of research examining nearly 3 000 narratives from 1 600 children in eight settings in two countries about their own experiences with interpersonal conflict Close readings combined with systematic analysis of dozens of features of the stories reveal that when children are

invited to write or talk about their own conflicts they produce accounts that are often charming and sometimes heartbreaking and that always bring to light their social emotional and moral development Children s personal stories about conflict reveal how they create and maintain friendships how they understand and react to the social aggression that threatens those friendships and how they understand and cope with physical aggression ranging from the pushing and poking of peers to criminal violence in their neighborhoods or families Sometimes children describe the efforts of adults to influence their conflicts efforts they sometimes welcome and sometimes resist Their stories show them taking on gender and other cultural commitments We are not just watching children become more and more like us as they move through the elementary school years we are watching them become the architects of a future we will only see to the extent that we understand their way of making sense

After The War Richard Marius,2013-02-13 In his third and most powerful work of fiction the acclaimed author of The Coming of Rain and Bound for the Promised Land biographer also of Thomas More immerses us in the rich life of an American town in the subtle and complex experience of becoming an American in the good and evil of a time gone by The place is Bourbonville Tennessee The time the end of the First World War The protagonist Paul Alexander Greek by birth Belgian by adoption wounded in the war nearly to death and now washed up history by accident by odd fate on the edges of Bourbonville and soon to become part of its center This is a town where people have known one another for generations a town full of talkers compulsive storytellers thrilled to have a new listener to whom they can pour out local scandals triumphs secrets especially the ongoing saga of the great schism between Moreland Pinkerton champion of

Progress who has drained a swamp to a foundry and Brian Ledbetter and his Weaver stepsons independent farmers with the values of an earlier more agrarian America who see Pinkerton as a bully and a destroyer Listening fascinated Paul is reluctantly drawn into the life of the town into the world beyond Mrs Coolidge s where he boards one of seven bachelors And through both his work and his friendships into the battle between Pinkerton his boss at the foundry and Ledbetter whose granddaughter loves him for the town s soul Inevitably the two factions find themselves in dangerous confrontation where a black war veteran s attempt to organize the foundry s black workers erupts into racial animosities and bloody industrial conflict And in the midst of these violent events Paul s own astonishing story his exile from Greece and his wartime ordeal unfolds as he begins to move away from his past into the heart of the town finding himself eventually part even of its myths In After the War Marius has given us a large and moving novel that compels us both by its panoramic amplitude and by its revelation of one fascinating life in the throes of change
