Monastic Practices Cistercian Studies Series:

Monastic Practices Charles Cummings, 2015-12-07 For three decades Monastic Practices has been a valued resource for English speaking aspirants to monastic life In this revised edition updated and expanded Charles Cummings OCSO explores the common practices of the monastic life in order to rediscover them as viable means of leading persons to a deeper encounter with God How do monks and nuns occupy themselves throughout the day Have they modernized their lifestyle or is it still cluttered with medieval customs Could any of the monastic practices be of use to those outside the monastery A certain wisdom is necessary to know how to use such practices and how to give oneself to them until they lead one to God After long monastic experience Cummings shows us how the ordinary things we do constitute our path to God In the art of living life he argues we are always beginners searching for God through our concrete circumstances and actions

Learning as Shared Practice in Monastic Communities, 1070-1180 Micol Long, 2021-10-11 In this study Micol Long looks at Latin letters written in Western Europe between 1070 and 1180 to reconstruct how monks and nuns learned from

each other in a continuous informal and reciprocal way during their daily communal life The book challenges the common understanding of education as the transmission of knowledge via a hierarchical master disciple learning model and shows how knowledge was also shared exchanged jointly processed and developed Long presents a new and more complicated picture of reciprocal knowledge exchanges which could be horizontal and bottom up as well as vertical and where the same individuals could assume different educational roles depending on the specific circumstances and on the learning contents See inside the book [Encyclopedia of Monasticism: A-L](#) William M. The Hermits of Big Sur Paula Huston,2021-11-01 Between World War II and Vatican II as Italy struggled to rebuild after decades of Mussolini's fascism an eleventh century order of contemplative monks in the Apennines were urged by Thomas Merton to found a daughter house on the rugged coast of California A brilliant but world weary ex Jesuit who had recently withdrawn from a high intensity public life to go into reclusion at the ancient Sacro Eremo of Camaldoli was tapped for the job Based on notes kept for over sixty years by an early American novice at New Camaldoli Hermitage The Hermits of Big Sur tell the compelling story of what unfolds within this small and idealistic community when medievalism must finally come to terms with modernism It traces the call toward fuga mundi in the young seekers who arrive to try their vocations only to discover that the monastic life requires much more of them than a bare desire for solitude And it describes the miraculous transformation that sometimes occurs in individual monks after decades of lectio divina silent meditation liturgical faithfulness and the communal bonds they have formed through the practice of the privilege of love

Medieval Monasticism C.H. Lawrence,Janet Burton,2023-09-28 Medieval Monasticism traces the Western Monastic tradition from its fourth century origins in the deserts of Egypt and Syria through the many and varied forms of religious life it assumed during the Middle Ages It explores the relationship between monasteries and the secular world around them For a thousand years the great monastic houses and religious orders were a prominent feature of the social landscape of the West and their leaders figured as much in the political as on the spiritual map of the medieval world In this book many of them together with their supporters and critics are presented to us and speak their minds to us We are shown for instance the controversy between the Benedictines and the reformed monasticism of the twelfth century and the problems that confronted women in religious life A detailed glossary offers readers a helpful vocabulary of the subject This fifth edition has been revised by Janet Burton to include an updated bibliography and an introduction which discusses recent trends in monastic studies including reinterpretations of issues of reform and renewal new scholarship on religious women and interdisciplinary and multidisciplinary approaches This book is essential reading for both students and scholars of the medieval world

Tools Matter Mary Margaret Funk,2013-02 Rev ed of Tools matter for practicing the spiritual life [Intercessory Prayer and the Monastic Ideal in the Time of the Carolingian Reforms](#) Renie S. Choy,2016-11-17 In early medieval Europe monasticism constituted a significant force in society because the prayers of the religious on behalf

of others featured as powerful currency The study of this phenomenon is at once full of potential and peril rightly drawing attention to the wider social involvement of an otherwise exclusive group but also describing a religious community in terms of its service provision Previous scholarship has focused on the supply and demand of prayer within the medieval economy of power patronage and gift exchange *Intercessory Prayer and the Monastic Ideal in the Time of the Carolingian Reforms* is the first volume to explain how this transactional dimension of prayer factored into monastic spirituality Renie S Choy uncovers the relationship between the intercessory function of monasteries and the ascetic concern for moral conversion in the minds of prominent religious leaders active between c 750 820 Through sustained analysis of the devotional thought of Benedict of Aniane and contemporaneous religious reformers during the reigns of Charlemagne and Louis the Pious Choy examines key topics in the study of Carolingian monasticism liturgical organization and the intercessory performances of the Mass and the Divine Office monastic theology and relationships of prayer within monastic communities and with the world outside Arguing that monastic leaders showed new interest on the intersection between the interiority of prayer and the functional world of social relationships this study reveals the ascetic ideal undergirding the provision of intercessory prayer by monasteries

Monastic Education in Late Antiquity Lillian I. Larsen, Samuel Rubenson, 2018-08-23 Redefines the role assigned education in the history of monasticism by re situating monasticism in the history of education

Friendship in the Middle Ages and Early Modern Age Albrecht Classen, Marilyn Sandidge, 2011-03-29 Although it seems that erotic love generally was the prevailing topic in the medieval world and the Early Modern Age parallel to this the Ciceronian ideal of friendship also dominated the public discourse as this collection of essays demonstrates Following an extensive introduction the individual contributions explore the functions and the character of friendship from Late Antiquity Augustine to the 17th century They show the spectrum of variety in which this topic appeared not only in literature but also in politics and even in painting

Renouncing Violence Mary Margaret Funk, 2018-08-13 Written from her deep experience in the monastic tradition Sister Mary Margaret Funk shows us that with faith and our given vocations we are more than strong enough to resist and renounce the violence in the world around us This book offers both for personal use and for the broader community a teaching for our troubled times a teaching that empowers the reader to renounce violence in all its bold and subtle forms As a concrete example Funk retrieves the practice and symbolism of using holy water to bless cleanse and free us from violence wherever it is emerging in our personal lives and in our world This practice has thrived in the monastic tradition and has a language with a voice

Impelling Spirit Joseph F. Conwell, 1997 *Impelling Spirit* is a book about Jesuit spirituality as seen in its origins As such it responds to the challenge of Vatican II that the appropriate renewal of religious life demands a return to the sources of Christian life and the spirit and aims of the founders of an institute The instrument the author employs is a 1539 document Ignatius and his companions drafted for Pope Paul III as an apostolic letter addressed to themselves this document long neglected and largely unknown clearly reveals how they understood themselves and their

way of life It demonstrates that the spirit and aims of the Society though radical in 1539 were also deeply rooted in the Christian tradition

Christianity and Monasticism in Wadi Al-Natrun Magad S. A. Mikhail, Maged S. A. Mikhail, Mark Moussa, 2009 International specialists in Coptology examine various aspects of Coptic civilisation in Wadi al Natrun over the past 1700 years Their studies centre on aspects of the history and development of monasticism in Wadi al Natrun as well as the art architecture and archaeology of the four existing and numerous former monasteries of the region

This Monastic Moment John W. de Gruchy, 2021-07-28 Kairos refers to moments in chronological time when all hell is breaking loose and we are called to change our ways before we are dragged into the abyss Kairos is apocalyptic time and it is here and now Such is the time in which we need to listen again to St Benedict of Nursia Far too many of us Christians have either been seduced by the false values of the age and the spirit of Christian triumphalism or else have been attracted to gnostic forms of spirituality that provide a means of escape from reality and responsibility Any delay in responding to this kairos moment increases the danger that we fail to change our ways and grasp the opportunity God gives us to receive the coming kingdom in greater fullness now So St Benedict fifteen hundred years after he wrote his Rule continues to tell us to listen wake up and run while there is still light This is a time for both contemplation and action prayer and doing justice a time for mystics and prophets to join hands and hearts for the sake of the world

From the Prologue

Nuns' Priests' Tales Fiona J. Griffiths, 2025-02-01 During the Middle Ages female monasteries relied on priests to provide for their spiritual care chiefly to celebrate Mass in their chapels but also to hear the confessions of their nuns and give last rites to their sick and dying These men were essential to the flourishing of female monasticism during the eleventh and twelfth centuries yet they rarely appear in scholarly accounts of the period Medieval sources are hardly more forthcoming Although medieval churchmen consistently acknowledged the necessity of male spiritual supervision in female monasteries they also warned against the dangers to men of association with women Nuns Priests Tales investigates gendered spiritual hierarchies from the perspective of nuns priests ordained men often local monks who served the spiritual needs of monastic women Celibacy misogyny and the presumption of men's withdrawal from women within the religious life have often been seen as markers of male spirituality during the period of church reform Yet as Fiona J Griffiths illustrates men's support and care for religious women could be central to male spirituality and pious practice Nuns priests frequently turned to women for prayer and intercession viewing women's prayers as superior to their own since they were the prayers of Christ's brides Casting nuns as the brides of Christ and adopting for themselves the role of paranympheus bridesman or friend of the bridegroom these men constructed a triangular spiritual relationship in which service to nuns was part of their dedication to Christ Focusing on men's spiritual ideas about women and their spiritual service to them Nuns Priests Tales reveals a clerical counter discourse in which spiritual care for women was depicted as a holy service and an act of devotion and obedience to Christ

Discernment in the Desert Fathers Antony D. Rich, 2007-04-01 Discernment in the Desert Fathers is a study of discernment Diakrisis in the life and

thought of the fourth and fifth century Egyptian Desert Fathers Rich argues that their understanding of Diakrisis was based upon a practical application of biblical Diakrisis in general and not as has been argued primarily a development of the gift of discernment of spirits He begins with an examination of Scripture and goes on to consider the philosophical and theological background of the period as represented by Plotinus and Origen respectively An examination of the works of the first theologians of the desert Evagrius and Cassian who lived among these first Christian monks and nuns provides an early interpretation of the sayings of the Desert Fathers or Apophthegmata Patrum The Greek Latin and Coptic sayings that survive are then examined in detail some of them translated into English for the first time This indepth analysis including the comprehensive list of cross references which will be a valuable resource for scholars researching the subject in the future provides many insights into the lives of these early Christians and demonstrates how Diakrisis touched every aspect of their inward and outward lives Rich concludes that Diakrisis was a critical faculty and charism central to the spiritual and practical life of these early monks and nuns in their mystical search for God for purity of life and knowledge of him
