THE NEW INTERNATIONAL YEAR BOOK: A COMPENDIUM OF THE WORLD'S PROGRESS FOR THE YEAR 1926 ,1927 **Édouard Manet** Alix Wood, 2015-07-15 Édouard Manet is one of the world's best known artists but he almost wasn't an artist at all His father tried to persuade him practice law or join the navy but Manet wanted to paint His depictions of modern life such as café scenes people going to the opera and watching horse races bridged the gap between realism and Impressionism Readers follow Manet's career from his early life in Paris to the height of his fame As they read they learn about different artistic movements and techniques and other important artists of the period Manet's most famous works are

presented to readers along with informative sidebars *Mad Enchantment* Ross King, 2017-09-12 From bestselling author Ross King a brilliant portrait of the legendary artist and the story of his most memorable achievement Claude Monet is perhaps the world's most beloved artist and among all his creations the paintings of the water lilies in his garden at Giverny are most famous Monet intended the water lilies to provide an asylum of peaceful meditation Yet as Ross King reveals in his magisterial chronicle of both artist and masterpiece these beautiful canvases belie the intense frustration Monet experienced in trying to capture the fugitive effects of light water and color They also reflect the terrible personal torments Monet suffered in the last dozen years of his life *Mad Enchantment* tells the full story behind the creation of the Water Lilies as the horrors of World War I came ever closer to Paris and Giverny and a new generation of younger artists led by Henri Matisse and Pablo Picasso were challenging the achievements of Impressionism By early 1914 French newspapers were reporting that Monet by then seventy three had retired his brushes He had lost his beloved wife Alice and his eldest son Jean His famously acute vision what Paul Cezanne called the most prodigious eye in the history of painting was threatened by cataracts And yet despite ill health self doubt and advancing age Monet began painting again on a more ambitious scale than ever before Linking great artistic achievement to the personal and historical dramas unfolding around it Ross King presents the most intimate and revealing portrait of an iconic figure in world culture *The New International Year Book* Frank Moore Colby, Allen Leon Churchill, Herbert Treadwell Wade, Frank H. Vizetelly, 1927 *The New International Year Book*, 1927 **Puck**, 1915 **Monet & Renoir** Charles River Charles River Editors, 2018-01-11 Includes pictures Includes the artists quotes about their lives and art Includes online resources and a bibliography for further reading Includes a table of contents To get a sense of the kind of prestige that Claude Monet enjoys within the art world one need only learn that his *Le Bassin Aux Nymphes* 1919 from his series of paintings featuring water lilies sold for the equivalent of more than 70 million This is an incredibly staggering price especially considering that early in his life Monet had been so poor and debt ridden that some of his paintings were taken from him by creditors How exactly did Monet progress from being an impoverished young Impressionist artist working at the vanguard of European art to the legendary Master whose works command prices near the very pinnacle of the art world Naturally Monet's commercial success soared exponentially in the decades following his death in 1926 at a time in which the prices commanded by the great Masters of Western art began rising in price at exponential rates Yet even during his own lifetime Monet enjoyed a sharp rise to fame and was canonized as one of the greatest painters in France Following sharply in the footsteps of Edouard Manet Claude Monet was one of the first painters identified within the Impressionist circle indeed it was Monet himself who coined the label of Impressionist after using it in the title of one of his paintings Where some artists reach the peak of their acclaim early in life Monet's star continued to rise even throughout his old age although some would argue that the last decade or so of his life were anticlimactic at least from an artistic standpoint his landmark water lilies were made during his elderly years And even though Monet would continue to

paint well after the canonical period of Impressionism had ended his name was and remains synonymous with Impressionism along with cherished acquaintances of his including such luminaries as Pierre August Renoir Camille Pissarro and Edouard Manet Simply put Monet is a monumental figure when it comes to examining Western art during the second half of the 19th century Pierre Auguste Renoir stands alongside Claude Monet at the very peak of Impressionist painting and though neither of them can be credited with founding the movement that honor likely goes to Edouard Manet or Edgar Degas Renoir and Monet remain inextricably tied to the key characteristics of Impressionism loose brushwork outdoor painting an emphasis on capturing natural light and shadow and a focus on remaining in Paris and the surrounding countryside Yet if Monet and Renoir are each remembered for their affiliation with these descriptors differences nevertheless distinguish them especially the fact that Renoir concentrated less on nature than did Monet attending instead to scenes depicting Parisian leisure activity This thematic concern for depicting scenes of idyllic Parisian enjoyment such as rowing in boats or grand luncheons imbues Renoir with a greater sense of joie de vivre than Monet or perhaps any of the other members of the Impressionist cohort Even though Renoir's art shares much in common with his Impressionist colleagues both his handling of paint and even his subject matter contain significant differences that render him truly unique as a painter That Renoir captured scenes of leisure better than any of his contemporaries was surprising and unlikely considering the background in which he was raised Denied the opportunity for a proper education Renoir's painting which started at a young age was borne more out of a need to work than in pursuit of a lifelong passion Renoir certainly loved to paint but like Monet painting always remained his profession and he treated it as such Monet Renoir looks at the personal background that led to the two becoming artists and the cultural climate in which they rose to fame **Arts & Decoration** ,1919 *The Arts* Hamilton Easter Field,Forbes Watson,1920 **Art Digest** ,1926 Includes section The great calendar of American exhibitions
