

Modern Music And After

G Orfield

Modern Music And After:

Modern Music and After Paul Griffiths, 2010 Over the course of three decades Modern Music and After has earned its place as the standard work on the processes of musical renewal that began in 1945 It is essential reading for the enquiring listener and is used widely in university and conservatory courses *Music after the Fall* Tim

Rutherford-Johnson, 2017-02-01 the best extant map of our sonic shadowlands and it has changed how I listen Alex Ross The New Yorker an essential survey of contemporary music New York Times sharp provocative and always on the money The listening list alone promises months of fresh discovery the main text a fresh new way of navigating the world of sound The Wire 2017 Music Book of the Year Alex Ross The New Yorker Music after the Fall is the first book to survey contemporary Western art music within the transformed political cultural and technological environment of the post Cold War era In this book Tim Rutherford Johnson considers musical composition against this changed backdrop placing it in the context of globalization digitization and new media Drawing connections with the other arts in particular visual art and architecture he expands the definition of Western art music to include forms of composition experimental music sound art and crossover work from across the spectrum inside and beyond the concert hall Each chapter is a critical consideration of a wide range of composers performers works and institutions and develops a broad and rich picture of the new music ecosystem from North American string quartets to Lebanese improvisers from electroacoustic music studios in South America to ruined pianos in the Australian outback Rutherford Johnson puts forth a new approach to the study of contemporary music that relies less on taxonomies of style and technique than on the comparison of different responses to common themes of permission fluidity excess and loss **Modern Music and After** Paul Griffiths, 1994-06-01 *Modern Music and After* Paul Griffiths, 1995

Modern Music and After Paul Griffiths, 2011-02-16 Over three decades Paul Griffiths's survey has remained the definitive study of music since the Second World War this fully revised and updated edition re-establishes Modern Music and After as the preeminent introduction to the music of our time The disruptions of the war and the struggles of the ensuing peace were reflected in the music of the time in Pierre Boulez's radical reformation of compositional technique and in John Cage's development of zen music in Milton Babbitt's settling of the serial system and in Dmitry Shostakovich's unsettling symphonies in Karlheinz Stockhausen's development of electronic music and in Luigi Nono's pursuit of the universally human in Iannis Xenakis's view of music as sounding mathematics and in Luciano Berio's consideration of it as language The initiatives of these composers and their contemporaries opened prospects that haven't yet stopped unfolding This constant expansion of musical thinking since 1945 has left us with no singular history of music Griffiths's study accordingly follows several different paths showing how and why they converge and diverge This new edition of Modern Music and After discusses not only the music of the fifteen years that have passed since the previous edition but also the recent explosion of scholarly interest in the latter half of the twentieth century In particular the book has been expanded to incorporate the

variety of responses to the modernist impasse experienced by composers of the 1980s and 1990s Griffiths then moves the book into the twenty first century as he examines such highly influential composers as Helmut Lachenmann and Salvatore Sciarrino For its breadth wealth of detail and characteristic wit and clarity the third edition of *Modern Music and After* is required reading for the student and the enquiring listener **Modern Music and After** Paul Griffiths,2006 This text investigates Western music since the World War II The disruptions of the war were reflected in the music of the time Shostakovich s unsettling symphonies Stockhausen s development of electronic music Xenakis s view of music as sounding mathematics and Berio s consideration of it as language The initiatives of these composers and their contemporaries opened prospects that have continued to unfold Modern Music ,1924 **Modern Music and Musicians** Ignace Jan Paderewski,1918 *Modern Music and Musicians: Encyclopedia: v. 1. A history of music; special articles; great composers; v. 2. Religious music of the world; vocal music and musicians; the opera; history and guide; v. 3. The theory of music; piano technique; special articles; modern instruments; anecdotes of musicians; dictionary. (musical terms and biography)* Louis Charles Elson,1912 **The Nineteenth Century and After** ,1903 Modern Music and Musicians for Vocalists: Modern art songs ,1918 *Music After the Fall* Tim Rutherford-Johnson,2017-02 Q R S T U V W X Y Z Modern Music and Musicians Louis Charles Elson,1912 **Nineteenth Century and After** ,1903 **Music after the great war, and other studies** Carl Van Vechten,2025-03-02 In *Music After the Great War and Other Studies* Carl Van Vechten delves into the transformative musical landscape that emerged in the aftermath of World War I The book is characterized by its insightful examination of diverse composers and their works reflecting a critical lens on how the war influenced artistic expression Van Vechten s literary style is marked by lyrical prose and a rich understanding of cultural contexts which situate music within broader social and historical frameworks weaving together narrative analysis and biography to illuminate the complexities of Western music during a time of significant change Carl Van Vechten a prominent figure of the Harlem Renaissance and an accomplished writer was deeply immersed in the cultural currents of his time His experiences as a music critic and his relationships with notable artists provided him with a unique perspective on the evolution of modern music Van Vechten s passion for promoting avant garde composers and his commitment to exploring the intersections of art race and identity underscore the motivations behind this collection positioning it as a deliberate commentary on the role of music in societal healing This volume is highly recommended for musicologists scholars and general readers interested in the interplay between culture and conflict Van Vechten s eloquent prose and profound insights not only document a pivotal era in music history but also invite readers to reflect on the enduring impact of the arts in times of turmoil *Modern Music and Musicians* Richard Alexander Streatfeild,1906 *Modern Music and Musicians for Vocalists* Louis Charles Elson,1918 **Music after Hitler, 1945-1955** Toby Thacker,2017-07-05 The political control of music in the Third Reich has been analysed from several perspectives and with ever increasing sophistication However music in Germany after 1945 has not

received anything like the same treatment Rather there is an assumption that two separate musical cultures emerged in East and West alongside the division of Germany into two states with differing economic and political systems There is a widely accepted view of music in West Germany as free and in the East subject to party control Toby Thacker challenges these assumptions asking how and why music was controlled in Germany under Allied Occupation from 1945 1949 and in the early years of semi sovereignty between 1949 and 1955 The re education of Germany after the Hitler years was a unique historical experiment and the place of music within this is explored here for the first time While emphasizing political economic and broader social structures that influenced the production and reception of different musical forms the book is informed by a sense of human agency and explores the role of salient individuals in the reconstruction of music in post war Germany The focus is not restricted to any one kind of music but concentrates on those aspects of music professional and amateur live and recorded which appeared to be the mostly highly charged politically to contemporaries Particular attention is given to denazification and to the introduction of international music Thacker traces the development of a divide between Communist and liberal democratic understandings of the place of music in society The contested celebrations of the Bach Year in 1950 are used to highlight the role of music in the broader cultural confrontation between East and West Thacker examines the ways in which central governments in East and West Germany sought to control and influence music through mechanisms of censorship and positive support The book will therefore be of interest not only

"Music after Hitler, 1945-1955"

Toby Thacker, 2017-07-05 The political control of music in the Third Reich has been analysed from several perspectives and with ever increasing sophistication However music in Germany after 1945 has not received anything like the same treatment Rather there is an assumption that two separate musical cultures emerged in East and West alongside the division of Germany into two states with differing economic and political systems There is a widely accepted view of music in West Germany as free and in the East subject to party control Toby Thacker challenges these assumptions asking how and why music was controlled in Germany under Allied Occupation from 1945 1949 and in the early years of semi sovereignty between 1949 and 1955 The re education of Germany after the Hitler years was a unique historical experiment and the place of music within this is explored here for the first time While emphasizing political economic and broader social structures that influenced the production and reception of different musical forms the book is informed by a sense of human agency and explores the role of salient individuals in the reconstruction of music in post war Germany The focus is not restricted to any one kind of music but concentrates on those aspects of music professional and amateur live and recorded which appeared to be the mostly highly charged politically to contemporaries Particular attention is given to denazification and to the introduction of international music Thacker traces the development of a divide between Communist and liberal democratic understandings of the place of music in society The contested celebrations of the Bach Year in 1950 are used to highlight the role of music in the broader cultural confrontation between East and West Thacker examines the ways in which central

governments in East and West Germany sought to control and influence music through mechanisms of censorship and positive support The book will therefore be of interest not only **Studies in Modern Music, Second Series** William Henry Hadow, 1913
