Know to Feel Good is Candace Pert's response to the questions she's been asked in her worldwide travels ever since the publication of her book *Molecules of Emotion* and her appearance in the film *What the Bleep Do We Know?* She discovered that at the end of the day all people really want to know is how to feel good. Within these pages Dr Pert shares the answers she's found both in the biomedical laboratory of mainstream science and in the laboratory of her own evolving life. Her amazing journey documents how mind, body and spirit cannot be separated and that we're hard wired for bliss, which is both physical and divine. Feeling good and feeling God, she believes, are one and the same. From beginning to end, this book takes us on an entertaining romp through the many body-mind avenues separating the woo-woo from real science and pointing the way toward using new paradigm therapies, detoxing our food and environment, forgiving and healing our relationships, understanding depression, staying young and creating the reality we want to experience. Consciousness, mind, emotions and God are all factored into the mix, resulting in a lot of beneficial advice and self-development insights that will empower us toward health, well-being and feeling Good.
