Facing South to Africa Molefi Kete Asante, 2014-08-20

Facing South to Africa is a bold synthesis of the ideas that have made Afrocentric theorists the leading voices of the African renaissance. Written from the vantage point of the philosophical and political discourse that emerged over the past twenty-five years, this is a highly readable and accessible introduction to African social and cultural criticism. Molefi Kete Asante engages in the practice of critical thinking by raising fundamental questions about how Africans view themselves and the world. Tackling the themes of culture, education, social sciences, the university, politics, African unity, and the prospects for peace in Africa, Facing South to Africa is a fresh, daring, and popularizing synthesis of the best critical thought on the issues of modern knowledge. Asante's plan is to reorient our thinking on Africa by asking questions of Africa and Africans rather than imposing preconceived external ideas on African issues.

The Precarious Center, Or When Will the African Narrative Hold? Molefi Kete Asante, 2021-03-06

Molefi Kete Asante, one of the major Afrocentric thinkers, argues in this book that the African narrative based on African cultural values could underpin a new academic paradigm, which is brutally necessary. The problem is the degree to which Africans have become enamored through Greek, English, French, German, Spanish, and Portuguese with Westernity to the detriment of African ideas and ideals. Only in the re-centering of the African World in its own narrative subjectivity can true freedom of thought, innovation, and liberation exist as a way to enhance human knowledge. The Pan-European Academy, with all of its structural capital amassed over the centuries and enshrined in the educational systems of Africans, has continued to dominate the theoretical base of African inquiries. *The Precarious Center, Or When Will the African Narrative Hold* is a response to the
