Molten Wood and Feral Ideas Caril Chasens, 2015-12-16 Molten Wood and Feral Ideas is a startling collection of wood sculpture digital art drawings and ideas by Canadian artist Caril Chasens Ecosystems of Disturbed Ground L.R. Walker, 1999-12-17 As the human population inexorably grows its cumulative impact on the Earth's resources is hard to ignore The ability of the Earth to support more humans is dependent on the ability of humans to manage natural resources wisely Because disturbance alters resource levels effective management requires understanding of the ecology of disturbance This book is the first to take a global approach to the description of both natural and anthropogenic disturbance regimes that physically impact the ground Natural disturbances such as erosion volcanoes wind herbivory flooding and drought plus anthropogenic disturbances such as forestry grazing mining urbanization and military actions are considered Both disturbance impacts and the biotic recovery are addressed as well as the interactions of different types of disturbance Other chapters cover processes that are important to the understanding of disturbance of all types including soil processes nutrient cycles primary productivity succession animal behaviour and competition Humans react to disturbances by avoiding exacerbating or restoring them or by passing environmental legislation All of these issues are covered in this book Managers need better predictive models and robust data collections that help determine both site specific and generalized responses to disturbance Multiple disturbances have a complex effect on both physical and biotic processes as they interact This book provides a wealth of detail about the process of disturbance and recovery as well as a synthesis of the current state of knowledge about disturbance theory with extensive documentation **Defiant in the Viking's Bed** Joanna Fulford, 2013-09-17 Consumed by revenge and desire Captured by his enemy and chained like a dog Leif Egilsson has one thought in his mind revenge He'll no longer be beguiled by the treacherous beauty of Lady Astrid and her innocence which he so craved will finally be his On his escape this fierce proud Viking is bent on making her pay the price of her betrayal in his bed Only Astrid has the heart of a warrior and she will not be tamed as easily as he believes Victorious Vikings No man could defeat them Three women would defy them *Backpacker*, 2001-03 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured **The French Riviera Adventure Guide** Ferne Arfin, 2011-04-15 Starting just east of la Ciotat the great sweep of Mediterranean coast all the way to the Italian border is referred to as the Cote d'Azur or the Riviera It is a large area with dozens of beaches and despite the coast's reputation for toney glamor alternating with brash vulgarity it's a great location for watersports boating parascending climbing hiking and gliding The Western Cote d'Azur is a deeply indented coast

characterized by many small towns miles of sandy beaches and three great mountainous headlands called massifs The Massif des Maures Massif de l Esterel and Massif de Tanneron foreshadow the march of the Alps to the sea farther east along the Riviera They offer stunning long distance views and provide miles of good walking For years French vacationers kept the region their secret staying in their holiday homes or with friends and family As a result the massifs remain largely undiscovered territory for foreign visitors who usually race around and between them on motorways heading for the coast If you stop to enjoy this region you ll find it has its own personality and surprises Among the attractions here are St Tropez and St Raphael Like a lot of people I got my first glimpse of the Riviera watching classic movies on television Cary Grant and Grace Kelly trading barbs on a balcony overlooking a yacht filled harbor in To Catch a Thief one of any number of James Bonds or Simon Templars stepping out of the Casino at Monte Carlo Pink Panther movies car chases on the Grande Corniche David Niven in Casino Royale They all created an indelible impression of a gorgeous glamorous and expensive jetsetters paradise The term jetsetter is a little dusty these days but substitute Eurotrash and the idea is the same celebrities minor royals and fashionistas mingling with arms dealers deposed dictators media tycoons and shipping magnates while gossip columnists write about their lifestyles of apparently endless leisure This is not an entirely imaginary picture There s no denying that the Riviera is a playground for the rich and famous Behind the walls and towering hedges of Cap Ferrat and other such places most of what all the money in the world will buy can probably be found But don t be put off if you re traveling on a modest budget It is the glamor of the landscape and all the outdoor activities to which it lends itself that was probably what attracted the beautiful people in the first place And that is within reach of everyone Breathtaking drives along Les Corniches de la Riviera and coastal walks that range from gentle strolls to challenging climbs are laced between the distinctive towns and villages Antibes Nice Menton Beaulieu sur Mer Villefranche scattered almost artfully along the coast In the skies paragliders float down like flower petals from a handful of exceptional launch sites Starting around Antibes and heading east the back country rises and the Alps crowd down to the water Along the way the villages perchees become ever more dramatic Eze at 427 m 1 400 feet tops a narrow dome of rock La Turbie at 500 m 1 640 feet is where the Emperor Augustus planted the Trophee des Alpes a 165 foot monument to the power of Rome that still lords over the coast and looks down on Monte Carlo the medieval village of Sainte Agnes just inland of Menton at 800 m 2 600 feet claiming to be the highest coastal village in Europe This is an excerpt equivalent to about 200 print pages from the 420 page Adventure Guide to Provence the Cote d Azur Both books are highly detailed exploring the culture the sights and activities the places to stay and the best restaurants Dozens of photographs are included plus 15 detailed maps
