THIS MOMENT...NOW Thomas J. Ols,2011-08-27 Two young boys are standing over a huge pile of horse manure out next to the barn The first kid says Wow What a mess It sure does stink His friend next to him says Cool There must be a pony around here somewhere So which are you the pessimist or the optimist From the first story to the last you will find words and ideas that allow you to take a different point of view from where you are standing You will find ways to open your mind each day and to create the desires that have been inside you since birth You will give yourself permission to step up to the way God intended for you to live in this lifetime No matter what the circumstance you always have a choice to turn any chaos around to achieve contentment joy and abundance You can read this book from start to finish or you can simply take a deep breath and turn to the page that offers a message you most need at this moment Trust the process trust yourself and know there are no mistakes You are exactly where you should be this moment Start from where you are because that is where your power lies Enjoy my words from my heart to yours My Life is My Responsibility Peter Mulraney,2017-04-22 **In Tune with Miracles** Kidest OM,2015-07-12 Learn to develop and embody a miracle mindset Whatever types of experiences you desire to attract into your life you do so through the mindsets you bring to form in your own field of perception Miracle mindedness and the ability to readily receive and experience miracles in your life is a function of your miracle mindset Merging fields of study in consciousness perception various sciences and metaphysics In Tune with Miracles Cultivating Miracle Consciousness offers you a perspective and practice on the accessibility of all that you would define as miraculous The book rests on the primary premise that miracles are the norm and their apparent absence in your experience the exception In Tune with Miracles Cultivating Miracle Consciousness includes 44 attunements configured specifically to allow you to create the perceptual changes necessary to bring about your innate and natural capacity to live a life that is intricately and abundantly filled with miracles In Tune with Miracles Cultivating Miracle Consciousness is your practical guide to cultivating miracle mindedness and embodying the miracle mindset Get your copy today Dive into the living stream of information and energy offered in these pages to understand what structures of perception allow you to not only witness but participate in the frequent emergence of miracles in your personal reality Miracles are the norm and miracles are always here and available to be experienced A Cadence Chronicle Lynda Stallwood, PhD., RN.,2022-01-15 The architecture for this book format stems from the cadence call used by armed services where the leader calls out a cadence phrase in a specific tempo that is echoed by the soldiers The cadence call instills unity among the troop s movement and work We too can hear and respond to God s cadence call to us Doing so requires positioning ourselves through prayer and nearness to Him so we are able to hear Him That process is facilitated by the compilation of devotions prayers and praise reports in this

book They have a corporate goal of generating a three pronged approach to drawing closer to God reading resonating and responding to Him The first prong reading is addressed by reviewing the devotions prayers and praise reports They provide a glimpse into the common human experience with scriptural support Resonating the second prong is perhaps the most exciting This is where quiet contemplation and active listening birthed through prayer collide Here is where we seek to hear the voice of the Holy Spirit similar to military troops responding to the cadence call from their leader Finally the response prong allows for your active participation in chronicling impressions that come to mind during the resonating period Writing space is provided for the completion of this step The outcome of the previously listed steps is prayer All God focused prayers are worthy They help us to see hear and respond to Him They also help us in the circumstances we find ourselves in If you are newly developing your prayer life prayer strategies are provided in this book offering some guidance as you discover your personal prayer pattern Ordinary Moments Alan Brightman,1984 The poet's chronicle Sir Frederick Wedmore,1902
