LEARNING GENRES FANTASY

The fantasy genre is a type of fiction. Fantasy stories are set in a world that is not real. They are full of magic, dragons, wizards, and other things that do not exist in our world. They can also have a lot of action, adventure, and mystery. Fantasy stories are often written for children, but they can also be written for adults. They are a fun way to escape from reality and imagine a world where anything is possible.

U.S. KIDS' LITERATURE: A Brief History Fantasy is a genre of fiction that has been around for a long time. It is a type of story that is not based on reality. It is a world of magic, dragons, and other things that do not exist in our world.

"What about those of us who?" asked the wizard. "I am a wizard," said the boy. "I can do magic. I can make things disappear. I can make things appear. I can make things change. I can make things fly. I can make things talk. I can make things do anything I want." The wizard smiled. "That is the power of fantasy. It is the power of imagination. It is the power of hope. It is the power of dreams. It is the power of love. It is the power of life. It is the power of everything."
