Come With Me If You Want to Live Michael Harris, 2023-11-02 If our near future sometimes feels like a dystopian sci fi movie that s because it is In Come With Me If You Want to Live The Future as Foretold in Classic Sci Fi Films Michael Harris reveals the hidden in plain sight meanings of the greatest science fiction films of the past fifty years the ways in which they predicted the future that we are increasingly living in but how we can still avoid the worst of what they warned us about The 1970s saw the start of a new wave of science fiction that predicted environmental destruction out of control technology and escalating political crises These were not the

fantastical imaginings of filmmakers they were based on rising environmental consciousness and solid scientific research The explanation of why we didn't heed these warnings might be the most important story of our time and now our future Each chapter focuses on a classic sci-fi film among them Blade Runner Terminator 2 12 Monkeys Brazil Soylent Green and the Back to the Future series these films are used to consider our likely environmental technological and political future But taking sci-fi seriously again could help us to regain our power to create different tomorrows guided by practical utopianism and to imagine new science fictions for a better world If you're wondering what the future holds maybe you've already seen it

Berry, 2025-06-03

NATIONAL BESTSELLER A dedicated journalist unearths a generations old family secret and a connection to a string of missing girls that hits way too close to home in this nail biting debut Booklist A well written emotionally wrenching tale Associated Press In the wake of her grandmother s passing Sydney Singleton finds a hidden photograph of a little girl who looks more like Sydney than her own sister or mother She soon discovers the mystery girl in the photograph is her aunt Carol who was one of six North Carolina Black girls to go missing in the 1960s For the last several decades not a soul has talked about Carol or what really happened to her But now with her grandmother gone and Sydney looking to start a family of her own she is determined to unravel the truth behind her long lost aunt s disappearance and the sinister silence that surrounds her Unfortunately this is familiar territory for Sydney Years earlier while she worked the crime beat as a journalist her

obsession with the case of another missing girl led to a psychotic break And now in the suffocating grip of fertility treatments and a marriage that s beginning to crumble Sydney s relentless pursuit for answers might just lead her down the same path of self destruction As she delves deeper into Carol s fate her own troubled past reemerges clawing its way to the surface with a vengeance The web of secrets and lies entangling her family leaves Sydney questioning everything her fixation on the missing girls her future as a mom and her trust in those she knows and loves Delving into family community secrets and motherhood *We Don t Talk About Carol* is a gripping and deeply emotional story about overcoming the rot at the roots of our family trees and what we ll do for those we love *The Post-Mobile Society* Hidenori Tomita, 2016-04-14 With the spread of mobile augmented reality it has become very difficult to consider digital space and physical space independently In this book the authors identify and discuss the state Second Offline which refers to a real world environment whose elements are augmented by virtual information and one in which individuals are constantly referring to the online world Second Offline is observed across a wide range of social contexts and the relationship between superimposed digital online information and physical offline information is increasingly important This book analyses the cooperative relationship between online and offline and also examines situations where there may be a conflict between these realities Furthermore the authors discuss the possibility that in addition to influencing the physical space the digital world actually causes some of the physical world to be lost Offering a discussion of the implications of a post mobile society in which second offline is widespread this edited collection will be of interest to students scholars and practitioners working in sociology mobile media and cultural studies more generally
