The Politics of Ephemeral Digital Media Sara Pesce, Paolo Noto, 2016-05-26 In the age of complex Tv of social

networking and massive consumption of transmedia narratives a myriad short lived phenomena surround films and TV programs raising questions about the endurance of a fictional world and other mediatized discourse over a long arc of time The life of media products can change direction depending on the variability of paratextual materials and activities such as online commentaries and forums promos and trailers disposable merchandise and gadgets grassroots video production archives and gaming This book examines the tension between permanence and obsolescence in the production and experience of media byproducts analysing the affections and meanings they convey and uncovering the machineries of their persistence or disposal Paratexts which have long been considered only ancillary to a central text interfere instead with textual politics by influencing the viewers fidelity or infidelity to a product and affecting a fictional world s life expectancy Scholars in the fields of film studies media studies memory and cultural studies are here called to observe these byproducts temporalities their short form and or long temporal extension their nostalgic politics or future projections and assess their increasing influence on our use of the past and present on our temporal experience and consequently on our social and political self positioning through the media

Dirty Deals? Amy Handlin, 2014-09-16 An encyclopedia unlike any other this work focuses on lobbying corruption and political influence in America to inspire readers to think critically about the U S government and to appreciate the opportunities of citizenship Even before the founding of the Republic James Madison expressed the concern that special interest influence could become adverse to the rights of other citizens as well as the permanent and aggregate interests of the community In modern times examples of lobbying scandals and corruption associated with political campaign contributions abound and yet our political system can and does further the larger goals of American democracy Suited for advanced high school students undergraduates and general readers this set examines the three powerful forces that affect every level of government but typically operate out of public view This three volume work exhaustively covers the evolution and impact of lobbying political influence and corruption from the Colonial era to today Volume 1 contains detailed scholarly essays on various aspects of lobbying corruption and political influence Volume 2 comprises informative A Z entries on people events laws organizations and legal

decisions The entries demonstrate the linkages among the topics but give equal attention to each as an independent influence on U S government and politics Developments since 1990 and the extensive proliferation of the Internet and social media receive additional emphasis Volume 3 contains primary documents that include executive orders court cases state and federal lobbying forms and codes of conduct related to lobbying campaign finance reform and anti corruption measures

Incidental Exposure to Online News Borchuluun Yadamsuren, Sanda Erdelez, 2022-05-31 Rapid technological changes and availability of news anywhere and at any moment have changed how people seek out news Increasingly consumers no longer take deliberate actions to read the news instead stumbling upon news online While the emergence of serendipitous news discovery online has been recognized in the literature there is a limited understanding about how people experience this

behavior Based on the mixed method study that investigated online news reading behavior of residents in a Midwestern U S town we explore how people accidentally discover news when engaged in various online activities Employing the grounded theory approach we define Incidental Exposure to Online News IEON as individual s memorable experiences of chance encounters with interesting useful or surprising news while using the Internet for news browsing or for non news related online activities such as checking email or visiting social networking sites The book presents a conceptual framework of IEON that advances research and an understanding of serendipitous news discovery from people s holistic experiences of news consumption in their everyday lives The proposed IEON Process Model identifies key steps in an IEON experience that could help news reporters and developers of online news platforms create innovative storytelling and design strategies to catch consumers attention during their online activities Finally this book raises important methodological questions for further investigation how should serendipitous news discovery be studied measured and observed and what are the essential elements that differentiate this behavior from other types of online news consumption and information behaviors
