revealing human portraits of soccer legends such as Michel Platini and Franz Beckenbauer and features an exclusive interview with former president Sepp Blatter Even as he chronicles the biggest sport scandal of all time Conn infuses the book with a passionate love of the game delivering an irresistible read Surviving the Military Norma D. Davis,2022-04-20 Norma D Davis has struggled with finally telling the truth about how betrayal almost caused her to give up on sisterhood and brotherhood all together when a female soldier helped a male soldier rape her because her sexual moral compass remained the same despite the pressure Davis only spoke with mental health officials about the traumatic experience and betrayal in 2008 for the first time Davis came forward and decided that young adults veterans males and females that are heading out into the world need to always be aware of the evil that lurks around them Davis wants all of them that have been traumatized to know that they are not alone nor to be afraid about speaking out anymore Davis wants all men and women that have been traumatized to also know she doesn't feel ashamed or embarrassed but the violator should You can only prosper if you take risks but beware in your travels **After the Fall of Heaven** Kioumars Sahebpanah,2022-01-14 Throughout life you stand at many crossroads where you have to make a choice you have to go left or right For the most part one convinces oneself that the choices one makes and the decisions one makes are made on the basis of rational and sensible considerations but often it is our emotions that ultimately make the difference Other times it is some external circumstances or coincidences that determine whether one is going to follow the path to the left or to the right For most people it doesn't matter much which way they follow most get where they want to go perhaps with a few knubs but rarely life threatening In this book we follow a little Iranian boy Kioumars from the age of four until he as a middle aged man writes his memoirs as a Danish citizen in a suburb of Copenhagen For him conscious choices coincidences or external circumstances have several times meant life or death or vastly different life courses The book takes us to a newly built neighborhood in Tehran where we follow family life closely for better and worse described with a lovely sense of humor After the revolution Kioumars flees and the trip through the mountains to the Turkish border and the wait in Turkey is nerve wracking The final destination is Denmark where he encounters a very different culture in a welfare society that surprises him and presents challenges In the book Kioumars looks back on his life and on all the crossroads he has stood by Several times coincidences have saved his life coincidences also led him to Denmark and not to the United States which was originally his great wish not wanting to participate in the Iraq War was a conscious choice and led to the escape and later it was external circumstances that changed Kioumars's life radically as he did not flee but moved from Iran to Denmark The book is written humorously and unsentimentally but is still experienced as a heartbreaking tale of being a refugee and leaving his homeland and settling into a new culture
