Among the Braves Shibani Mahtani, Timothy McLaughlin, 2023-11-07 Through the eyes of two frontline journalists comes a gripping narrative history of the Hong Kong pro democracy movement centered around a cast of four core activists culminating in the 2019 mass protests and Beijing's brutal crackdown Hong Kong was an experiment in governance Handed back to China in 1997 after 156 years of British rule it was meant to be a carve out between hostile systems a bridge between communism and capitalism authoritarianism and liberal democracy One country two systems kept its media free its courts independent and its protests boisterous designed also to convince Taiwan of a peaceful solution to Beijing's desire for reunification Yet this formulation excluded Hong Kong's own people their future negotiated by political titans in faraway capitals In 2019 an ill conceived law spear headed by a sycophantic leader pushed millions to take to the streets in one of the most enduring protest movements
