Trump Dr. Wendell V. Fountain, 2019-10-03. This is an outstanding and unique book about President Trump. There is no other like it. It is filled with research about the greatest president of our time. Since Dr. Fountain is and has been a business owner, consultant, entrepreneur, business graduate professor, and writer for more than three decades, he has captured the essence of President Donald J. Trump. This book is an excellent educational tool about the president, the People's agenda, and the need to return to the thought and actions of our Founding Fathers rather than misguided ruminations of socialism which is embraced by the Democrat Party. Thank God we are the inheritors of a dynamic republic. The 55 Founders gave their all for the creation of this sovereign nation, and we must not let what they sacrificed be in vain. The choice is clear in 2020: President Trump simply must be reelected, which also includes the election of enough conservative republicans, not fake republicans, F.R.s in the House so that the president has the assistance he needs to pass meaningful legislation. The survival of this sovereign nation is contingent upon this decision in November 2020.
