[Daddy Issues](#) Kate Goldbeck, 2025-11-18

Clever, honest, sexy, funny, emotional, unique, and deeply romantic. Kate Goldbeck is in a class by herself.

Ali Hazelwood, 1 New York Times bestselling author of *The Love Hypothesis*. A jaded twentysomething is stuck living at home, her life on pause when a single dad becomes her new neighbor and unexpectedly sets her life and her heart into motion in this modern love story from the bestselling author of *You Again*. Sometimes love shows up where you least expect it, right next door.

At twenty-six, Sam Pulaski expected to be thriving in her academic career, living on her own in some exciting city. Expectations meet reality. She has massive student loan debt from studying art history, a dead-end service industry job, a situationship that's equal parts intoxicating and toxic. And she's been crashing in her mom's condo at least it's not a basement for the last five years. If she can finally get accepted into a PhD program and get out of Ohio, the adult life that's been on hold for half her twenties will finally begin.

Her mom's new neighbor Nick is the ultimate grown-up. His adult life began the moment his nine-year-old daughter Kira was born. Her happiness is Nick's only priority, especially in the wake of divorce. There's nothing he won't do for Kira, including giving up his globe-trotting career for something more stable, like managing a chain restaurant. Sam has zero interest in an ultra-dependable guy pushing forty. Frankly, she's a little afraid of kids. But with just one thin wall separating the two condos, Nick proves difficult to avoid. His quiet confidence forces Sam to

grapple with the other men in her life her emotionally derelict friend with benefits and her actually derelict father As her unexpected connection with Nick heats up and steams up his minivan windows Sam finds herself falling fast for a man whose life is steady and settled while hers is anything but
