Very Long Range P-51 Mustang Units of the Pacific War Carl Molesworth, 2012-10-20 These pilots called themselves the Tokyo Club It was a simple task to become a member All you had to do was strap yourself into a heavily loaded P 51 Mustang take off from Iwo Jima fly 650 miles north over the sea often through monsoon storms in your single engined aircraft to Japan attack a heavily defended target and then turn around and fly home despite a shrinking fuel supply and perhaps battle damage as well Do it once and you earned membership in the club Do it 15 times and you earned a trip home But make one mistake or have one touch of bad luck and you had a very good chance of ending up dead Featuring photographs throughout and detailed aircraft profiles this book tells the little known story of these brave men and their efforts to defeat the aerial forces defending Japan
