A Nation of Immigrants Reconsidered Maddalena Marinari, Madeline Hsu, Maria Cristina Garcia, 2018-12-30 Scholars, journalists, and policymakers have long argued that the 1965 Immigration and Nationality Act dramatically reshaped the demographic composition of the United States. In *A Nation of Immigrants Reconsidered*, leading scholars of immigration explore how the political and ideological struggles of the age of restriction from 1924 to 1965 paved the way for the changes to come. The essays examine how geopolitics, civil rights, perceptions of America's role as a humanitarian sanctuary, and economic priorities led government officials to facilitate the entrance of specific immigrant groups, thereby establishing the legal precedents for future policies. Eye-opening articles discuss Japanese war brides and changing views of miscegenation, the recruitment of former Nazi scientists, a temporary workers program with Japanese immigrants, the emotional separation of Mexican immigrant families, Puerto Rican youth's efforts to claim an American identity, and the restaurant raids of conscripted Chinese sailors during World War II. Contributors: Eiichiro Azuma, David Cook, Martin David, FitzGerald, Monique Laney, Heather Lee, Kathleen Lopez, Laura Madokoro, Ronald L. Mize, Arissa H. Oh, Ana Elizabeth Rosas, Lorrin Thomas, Ruth Ellen Wasem, and Elliott Young.

Big Wonderful Thing Stephen Harrigan, 2019-10-01 The story of Texas is the story of struggle and triumph in a land of extremes. It is a story of drought and flood, invasion and war, boom and bust, and of the myriad peoples who, over centuries of conflict, gave rise to a place that has helped shape the identity of the United States and the destiny of the world. I couldn't believe Texas was real, the painter Georgia O'Keeffe remembered of her first encounter with the Lone Star State. It was for her the same big wonderful thing that oceans and the highest mountains are. *Big Wonderful Thing* invites us to walk in the footsteps of ancient as well as modern people along the path of Texas's evolution. Blending action and atmosphere with impeccable research, New York Times best-selling author Stephen Harrigan brings to life with novelistic immediacy the generations of driven men and women who shaped Texas, including Spanish explorers, American filibusters, Comanche warriors, wildcatters, Tejano activists, and spellbinding artists, all of them taking their part in the creation of a place that became not just a nation, not just a state, but an indelible idea. Written in fast-paced prose rich with personal observation and a passionate sense of place, *Big Wonderful Thing* calls to mind the literary spirit of Robert Hughes writing about Australia or Shelby Foote about the Civil War. Like those volumes, it is a big book about a big subject, a book that dares to tell the whole glorious, gruesome, epically sprawling story of Texas.

The Train to Crystal City Jan Jarboe Russell, 2015 The dramatic and never before told story of a secret FDR-approved American internment camp in Texas during World War II, where thousands of families, many US citizens, were incarcerated. From 1942 to 1948, trains delivered thousands of civilians from the United States and Latin America to Crystal City, Texas, a small desert town at the southern tip of Texas. The trains carried Japanese, German, Italian immigrants and their American-born children. The only family internment camp during World War II, Crystal City was the center of a government prisoner exchange program called Quiet Passage.

During the course of the war hundreds of prisoners in Crystal City including their American born children were exchanged for other more important Americans diplomats businessmen soldiers physicians and missionaries behind enemy lines in Japan and Germany Focusing her story on two American born teenage girls who were interned author Jan Jarboe Russell uncovers the details of their years spent in the camp the struggles of their fathers their families subsequent journeys to war devastated Germany and Japan and their years long attempt to survive and return to the United States transformed from incarcerated enemies to American loyalists Their stories of day to day life at the camp from the ten foot high security fence to the armed guards daily roll call and censored mail have never been told Combining big picture World War II history with a little known event in American history that has long been kept quiet *The Train to Crystal City* reveals the war time hysteria against the Japanese and Germans in America the secrets of FDR's tactics to rescue high profile POWs in Germany and Japan and how the definition of American citizenship changed under the pressure of war *Willful Ignorance* Helen T. Boursier, 2022-04-27 Using ethnographic research *Willful Ignorance* Overcoming the Limitations of Christian Love for Refugees Seeking Asylum examines the attitudes of clergy and lay leaders regarding their inattention to racism as it intersects with the harsh reality of U S immigration policies and practices This multi faceted work begins with a reality check on the scope of forced migration and its intersection with the historical legacy of racism in America including testimonies from displaced migrants and immigration advocates who help to alleviate state inflicted suffering at the U S Mexico border Helen T Boursier examines the rationales Christian leaders use to justify the local church's nominal response including the discursive buffers and stall tactics they use to deflect their lack of preaching teaching leadership and or ministry with displaced migrants who are their near neighbors The Christian church's firm foundation to embody love as social justice provides a historical rebuttal while case studies of congregations that offer displaced migrants compassionate hospitality model exemplary contemporary response Closing with practical suggestions for how to begin building bridges with migrants Boursier argues for a philosophy of religion that embraces resistance to racism and exclusion from asylum through a missiology of compassion that exemplifies an ecclesiology of love ***Beyond the Betrayal*** Yoshito Kuromiya, 2022-01-24 *Beyond the Betrayal* is a lyrically written memoir by Yoshito Kuromiya 1923 2018 a Nisei member of the Fair Play Committee FPC which was organized at the Heart Mountain concentration camp The first book length account by a Nisei World War II draft resister this work presents an insider's perspective on the FPC and the infamous trial condemning its members efforts It offers not only a beautifully written account of an important moment in US history but also a rare acknowledgment of dissension within the resistance movement both between the young men who went to prison and their older leaders and also among the young men themselves Kuromiya's narrative is enriched by contributions from Frank Chin Eric L Muller and Lawson Fusao Inada Of the 300 Japanese Americans who resisted the military draft on the grounds that the US government had deprived them of their fundamental rights as US citizens Kuromiya alone has produced an autobiographical volume that explores the short and long

term causes and consequences of this fateful wartime decision In his exquisitely written and powerfully documented testament he speaks truth to power making evident why he is eminently qualified to convey the plight of the Nisei draft resisters He perceptively reframes the wartime and postwar experiences of the larger Japanese American community commonly said to have suffered in the spirit of shikata ga nai enduring that which cannot be changed and emerged with dignity Beyond the Betrayal makes abundantly clear that the unjustly imprisoned Nisei could and did exercise their patriotism even when they refused to serve in the military in the name of civil liberties and social justice Kuromiya s account initially privately circulated only to family and friends is an invaluable and insightful addition to the Nikkei historical record

Defenseless Under the Night Matthew Dallek, 2016-06-02 In his 1933 inaugural address Franklin D Roosevelt declared that the only thing we have to fear is fear itself Yet even before Pearl Harbor Americans feared foreign invasions air attacks biological weapons and conversely the prospect of a dictatorship being established in the United States To protect Americans from foreign and domestic threats Roosevelt warned Americans that the world has grown so small and eventually established the precursor to the Department of Homeland Security an Office of Civilian Defense OCD At its head Roosevelt appointed New York Mayor Fiorello La Guardia First Lady Eleanor Roosevelt became assistant director Yet within a year amid competing visions and clashing ideologies of wartime liberalism a frustrated FDR pressured both to resign In *Defenseless Under the Night* Matthew Dallek reveals the dramatic history behind America s first federal office of homeland security tracing the debate about the origins of national vulnerability to the rise of fascist threats during the Roosevelt years While La Guardia focused on preparing the country against foreign attack and militarizing the civilian population Eleanor Roosevelt insisted that the OCD should primarily focus on establishing a wartime New Deal what she and her allies called social defense Unable to reconcile their visions both were forced to leave the OCD in 1942 Their replacement James Landis would go on to recruit over ten million volunteers to participate in civilian defense ultimately creating the largest volunteer program in World War II America Through the history of the OCD Dallek examines constitutional questions about civil liberties the role and power of government propaganda the depth of militarization of civilian life the quest for a wartime New Deal and competing liberal visions for American national defense questions that are still relevant today The result is a gripping account of the origins of national security which will interest anyone with a passion for modern American political history and the history of homeland defense
