Advance the Sustainable Development Goals in Tourism Systems Karla A. Boluk,Christina T. Cavaliere,Freya Higgins-Desbiolles,2021-05-12 Activating Critical Thinking to Advance the Sustainable Development Goals in Tourism Systems focuses on the role of critical thinking and inquiry in the implementation of the 2030 Sustainable Development Goals SDGs in tourism systems The impetus for the development of this book emerged from the declaration by the United Nations UN General Assembly of 2017 as the International Year of Sustainable Tourism for Development This declaration purposely positions tourism as a tool to advance the universal 2030 Agenda for Sustainable Development and the 17 SDGs thus mutually serving as an opportunity and responsibility to appraise from a critical lens what the SDGs signify and how they can be understood from multiple perspectives The chapters in the book foster the next phase of sustainable tourism scholarship

that actively considers the interconnections of the UN's SDGs to tourism theory and praxis and activates critical thinking to analyze and advance sustainability in tourism systems. It articulates the need for the academy to be more intrinsically involved in ongoing iterations of multilateral accords and decrees to ensure they embody more critical and inclusive transitions toward sustainability as opposed to market-driven neoliberal directives. The contributions in this book encourage various worldviews challenging shaping and more critically reflecting the realities of global communities as related to and impacted by sustainable tourism development. The chapters in this book were originally published as a special issue of the *Journal of Sustainable Tourism*.

The Twilight Zone and Philosophy Heather L. Rivera, Alexander E. Hooke, 2018-10-09 In *The Twilight Zone and Philosophy*, philosophers probe into the meaning of the classic TV series *The Twilight Zone*. Some of the chapters look at single episodes of the show while others analyze several or many episodes. Though acknowledging the spinoffs and reboots, the volume concentrates heavily on the classic 1959-1964 series. Among the questions raised and answered are: What's the meaning of personal identity in *The Twilight Zone*? Number 12 Looks Just Like You: Person or Persons Unknown? As the distinction between person and machine becomes less clear, how do we handle our intimacy with machines? A question posed in the very first episode of *The Twilight Zone*: The Lonely. Why do our beliefs always become uncertain in *The Twilight Zone*? Where Is Everybody? Just where is the *Twilight Zone*? Sometimes it's a supernatural realm but sometimes it's the everyday world of reality. What does the background music of *The Twilight Zone* teach us about dreams and imagination? Is it better to lose the war than to be damned? Still Valley: How far should we trust those benevolent aliens? To Serve Man: Where's the harm in media addiction? Time Enough at Last: Is there something objective about beauty? The Eye of the Beholder: Have we already been conquered? The Monsters Are Due on Maple Street: Are there hidden costs to knowing more about other people? A Penny for Your Thoughts.
